ABSTRACT TABULAR STATEMENT, PART B,

OF

PROCEEDINGS OF THE GENERAL AND REVENUE DEPARTMENT FOR NOVEMBER 1904.

MATTERS OF ROUTINE.

LOCAL BOARDS.

Serial No. of File.	Number and date of letter and contents.	References.
	FILE No. 375-92 of 1904-05.	
	Petition of Bale Appanna Setty of Belagodu village in the Manjarabad Taluk of the Hassan District, claiming certain amounts due to him from Government.	
i	Petition Registered No. 2434, dated 28th April 1904, of Bale Appanna Setty of Belagodu. Represents that no orders were passed on the claim put forward by him for Rs. 85, being the feeding charges of cattle at the Belagodu cattle-pound for 1900-01 and for Rs. 68-3-9, being the cost of repairs done by him to the said cattle-pound in spite of the several petitions submitted by him to the Amildar and the Deputy Commissioner; and requests that he may be paid early. (Enclosure 8. Copies of petitions, etc.)	
ii	To the President of the District Board, Hassan District, No. 4242—L. F. 375-92, dated 7th May 1904. Forwards the above petition for report.	
iii	From Bale Appanna Setty, Registered No. 2869, dated 22nd June 1904. Prays that the amount due to him may be paid early.	
iv	To the President, District Board of the Hassan District, No. 5121, dated 30th June 1904. Forwards the above petition for submission of the report already called for.	
v	From Bale Appanna Setty, Registered No. 2521, petition dated 6th October 1904. States that Rs. 40 and odd has since been paid to him and requests early payment of the balance.	
6	To the President of the District Board, Hassan District, No. 3650, dated 2nd November 1904. Forwards the above petition for adjustment of the balance due to Bale Appanna Setty, and for a report in the matter.	
7	To Bale Appanna Setty of Belagodu, No. 3651, dated 2nd November 1904. Informs him that his petition has been transferred to the President of the District Board, Hassan, for disposal.	
	FILE No. 44 of 1904-05.	
	Purchase of country medicines.	
i	To the Comptroller in Mysore, No. 729, dated 12th August 1903. Refers him to Government Proceedings No. 485-94, dated 24th April 1888, and requests him to submit a statement showing the sums saved from the provisions in the District Fund and Municipal budgets on account of contingencies and credited to the Medical budget for purchasing country medicines. (Enclosure, specimen form.)	G. P. No. 485-94, dated 24th April 1888.
ii	To the Senior Surgeon and Sanitary Commissioner, No. 834, dated 27th August 1903. Requests him to submit a detailed report showing the dates on which stores were established at the District Head-quarters and the system observed in supplying country medicines to the dispensaries and to state whether the rates at which the articles were supplied from these stores compared favorably with those in the local markets.	

Serial No. of File.	Number and date of letter and contents.	References.
iii	From the Comptroller in Mysore, No. 860, dated the 16th September 1903. Submits the statement called for in Serial No. 1 and states that figures from the 1st April 1888 are not available as the records of previous years have been destroyed. (Enclosure one.)	
iv	To the Comptroller in Mysore, No. 2443, dated 26th December 1903. Requests him to furnish Districtwar information for the period, which is reported to be available.	
v	From the Senior Surgeon and Sanitary Commissioner, No. 1504, M. S. 995, dated 16th January 1904. Reports that medical stores were established at the several District head-quarters at the close of the year 1888, that country medicines, etc., to the value of the savings for each district were purchased and supplied from the medical stores to the District Surgeons who in turn used to distribute them as required by the Hospital Assistants in charge of dispensaries, that the supply to these dispensaries was regulated in proportion to the savings from the contingent grants of each dispensary and that in cases where the savings were in excess of requirements the surplus was distributed in the district where the savings were small and the wants comparatively large, and that the cost of articles supplied from the stores was cheaper than that charged for them in the local markets.	
vi	To the Senior Surgeon and Sanitary Commissioner, No. 2980, dated 12th February 1904. Calls for further information regarding the supply of country medicines and requests him to state why the special fund should not be discontinued.	
vii	From the Comptroller in Mysore, No. 914, dated 30th January 1904. Submits the statement called for in Serial No. 4 and states that districtwar information for 1888-89 is not available as the contingent register for that year has been destroyed according to Codal Rules. (Enclosure one.)	
viii	From the Senior Surgeon and Sanitary Commissioner, No. 1924, M. S. 1268, dated 11th March 1904. States that the cost of country medicines supplied from the medical stores does not represent the difference between their value and the amount credited to the Medical budget as per Government Proceedings No. 485-94—05, dated 24th April 1888, but only the latter, that this amount is ascertained yearly from the Comptroller and spent in the purchase of country medicines and that if the present system of supplying country medicines is discontinued, the Hospital Assistants will have to purchase them locally and that extra trouble, inconvenience and expense would result thereby and that therefore he sees no reason why the system which has been found to work satisfactorily should be discontinued, as its discontinuance will in no way effect a savings to Government.	
ix	To the Comptroller in Mysore, No. 3959, dated 13th April 1904. Requests him to furnish information regarding the maintenance of accounts, incurring of the expenditure and the check and control over it.	
x	From the Comptroller in Mysore, No. 1257, dated 26th April 1904. States that the fund is not kept in cash but is merged in the general cash balance of the Province, that the Senior Surgeon incurs the expenditure against this fund and obtains money on bills and that the bills are audited by the Comptroller with reference to the balances available under this fund.	
xi	To the Senior Surgeon and Sanitary Commissioner, No. 4773, dated 7th June 1903. Requests him to submit a detailed statement showing the provision and expenditure in the Medical budget on account of country medicines during the past 5 years.	
xii	From the Senior Surgeon and Sanitary Commissioner, No 3?, dated 21st July 1904. Submits a statement of receipts and expenditure for the Province and states that districtwar information is not available and proposes to do away with the Local Fund savings altogether, raising the allotment in the Medical budget by that amount, by reducing the contingent allotment for each dispensary by one-half. (Enclosure one.)	
xiii	To the Senior Surgeon and Sanitary Commissioner, the Comptroller, the Presidents of District and Municipal Boards, No. 4021-30, dated 16th November 1901. Directs that the special fund formed of the savings in the contingent allotments made in the Municipal and the District Fund budgets for the Local Fund Dispensaries be abolished, the Local Boards being required to contribute towards the cost of country medicines supplied to those dispensaries by the Medical Department.	
	FILE No. 3 of 1901-05.	
	Appointment of District Board Members, Tumkur District.	
3	From the President of the District Board of the Tumkur District, No. 269, dated 7th October 1904. Submits, with reference to this office No. 296-3-2, dated 14th July 1904, certain alternative proposals for filling up the vacancy caused on the District Board, by the resignation of Mr. Hanumanta Rao, representative of the Pavagada Taluk.	

Serial No. of File.	Number and date of letter and contents.	References.
4	To the President of the District Board of the Tumkur District, No. 4188, dated 19th November 1904. Sanctions the inclusion of the Treasury Officer in the list of the *ex-officio* members of the District Board, and requests to submit fresh proposals according to rules, for filling up the vacancy caused on the Board by the resignation of Mr. Hanumantha Rao above referred to.	
	FILE No. 6 of 1904-05. *Appointment of members for the Panchayats in the Mysore District.*

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary, Local Board, November 1904.

Establishment of Cattle Pounds in Amrut Mahal Kavals.

FILE No. 375 of 1904-05.

Docket No. 2500, dated Bangalore, 8th February 1904, from Lieut.-Colonel R. G. JONES, I. S. C., Military Assistant to the Government of Mysore, to H. V. NANJUNDAYYA, Esq., M. A., M. L., Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Department.

Has the honor to forward herewith Amrut Mahal Superintendent's letter ogether with its enclosures for disposal. **Serial No. 1.**

(ENCLOSURE No. 1.)

Letter No. 176, dated the 30th January 1904, from H. NANJUNDA RAJ URS, Esq., Superintendent, Amrut Mahal Department, to H. V. NANJUNDAYYA, Esq., M. A., M. L., Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments, through the Military Assistant, Bangalore.

I have the honor to inform you that application was made to the Deputy Commissioner, Bangalore District, for opening a cattle-pound at Tippasandra village in Magadi Taluk with a view to prevent trespass of cattle in Sankighatta and other Amrut Mahal kavals. First of all the Deputy Commissioner consented to have one opened at the abovementioned village and got estimate made for Rs. 290. Afterwards he asked me whether the Amrut Mahal Department would bear the cost and an affirmative reply was given provided that the realization of the pound would be credited to the Amrut Mahal Department. Now *he refuses to do so on the* ground that the realization *should be credited to the Local Fund Board.*

I understand that the Forest Department have opened certain cattle-pounds at the expense of that Department and that they are being managed by the Forest subordinates with the permission of the District Magistrates, the *realizations being credited to the Forest Department.*

In some of the most important kavals it is impossible to conserve grass preventing the trespass of the village cattle owing to long distances of cattle-pounds and the opening of new ones within easy distances of such kavals is abosolutely necessary in the interests of Government cattle. I would, therefore, request that sanction of Government may be obtained for erecting cattle-pounds in some of these kavals *at the expense of this Department.* These pounds can be managed by the Amrut Mahal Department similar to the practice prevailing in the Forest Department.

I further beg to state that a sum of *Rs.* 2,000 may be ordered to be provided in the next year's budget estimates to meet the cost of erection of cattle pounds in some important Amrut Mahal kavals. The expenditure under this head can be recouped by pound realizations being credited to the Department. The copies of the correspondence passed between this Department and the Deputy Commissioner are herein submitted for ready reference.

(ENCLOSURE No. 2.)

Docket No. 705, dated the 17th November 1904, from H. H. SPARKES, Esq., Deputy Commissioner, Bangalore District, to H. NANJUNDA RAJ URS, Esq., Superintendent, Amrut Mahal Department.

His docket No. 82 of the 10th November 1902, requesting that a cattle-pound may be opened at Tippasandra in the Magadi Taluk.

In reply has the honor to state that instructions have been issued to the Amildar to establish a pound at Tippasandra and place the patel of the place in charge of the pound.

(ENCLOSURE No. 3.)

Docket No. 1255, dated the 12th December 1903, from H. H. SPARKES, Esq., President of the Municipalities in the Bangalore District, to the Superintendent, Amrut Mahal Department, Bangalore.

His dockets Nos. 89 and 134 of 8th October and 4th December 1903, respectively, anent locating a cattle-pound at Tippasandra village, Magadi Taluk.

Establishment of Cattle Pounds in Amrut Mahal Kavals.

In acknowledging the receipt of the above, has the honor to request whether the Amrut Mahal Department is prepared to pay Rs. 290 being the cost of erecting a pound in the village under reference, as it is solely intended for protecting the Sanki ghatta, Government kaval.

The estimate prepared by the Amildar for this work is also herein enclosed for reference and return.

(ENCLOSURE No. 4.)

Docket No. 153, dated the 18th December 1903, from the Superintendent Amrut Mahal Department, Bangalore, to the President of the Municipalities, Bangalore District.

His No. 1255, dated the 12th instant requesting to be informed whether the Amrut Mahal Department is prepared to pay Rs. 290, being the cost of erecting a pound at Tippasandra in Magadi Taluk.

Refering to the above, has the honor to request to be informed whether he has any objection to credit the fees derived from impounding the cattle in the above pound to the Amrut Mahal Department if the cost for erecting it is borne by the same.

The estimate sent with the above is herewith returned.

(ENCLOSURE No. 5.)

Docket No. 1391, dated the 5th January 1904, from H. H. SPARKES, Esq., President of the Municipalities, Bangalore District, to H. NANJUNDA, RAJ URS, Esq., Superintendent, Amrut Mahal Department.

His docket No. 153 of 22nd December 1903, anent constructing a cattle pound at Tippasandra village, Magadi Taluk.

In reply to the above, has the honor to state that the cattle-pounds are maintained solely for the benefit of the District Funds, and consequently any revenue derived from the pound under consideration can only be credited to District Funds only.

2. The estimate is, herewith, sent again for his sanction as the pound to be established is solely for the benefit of the Sankighatta Government Amrut Mahal kaval.

Docket No. G. 4663, dated the 19th March 1904, from B. K. VENKATA VARADA IYENGAR, Esq., Officiating Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments, to the Secretary to the Government of Mysore, Forest Department.

In forwarding herewith (in original to be obligingly returned) letter No. 176, dated the 30th January 1904, from the Superintendent, Amrut Mahal Department, regarding the erection of cattle-pounds at the expense of that Department and the crediting of the collections thereto, has the honour to request that the Forest Secretary will be so good as to state what the practice is as regards construction of pounds by, and the crediting of realizations to the Forest Department in the case of cattle-pounds in Forests. **Serial No. 3.**

Letter No. 794—8352, dated Bangalore, 30th April 1904, from M. MUTHANNAH, Esq., B. B., Officiating Secretary to the Government of His Highness the Maharaja of Mysore, Forest Department, to L. ANANTASAMI RAO, Esq., B. A., Officiating Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.

In reply to your docket No. 4663, dated 14th ultimo, I have the honor to state that Forest cattle-pounds are constructed at the cost of the Forest Department within or in the vicinity of State Forests where Revenue pounds happen to be located far away from them. The levy of fines, the manner of disposing of unredeemed cattle etc., are regulated by the rules issued under Notification No. 206, dated the 9th October 1889, **Serial No. 3.**

which are still in force, the feeding charges alone having been subsequently modified by Government Order No. 347-55—1792-800, dated 14th November 1901. The realizations from Forest cattle-pounds are credited to the Department, the charges also being debited to it. Only cattle trespassing in State Forests and Plantations without licenses are impounded and no others, In this connection I would invite attention to Section 63 of the Forest Regulation which authorizes impounding of cattle.

The enclosures are returned.

No. 3671-80—L. F. 375-92, dated 2nd November 1904.

1. The questions for decision are :—

(1). whether independently of the Local Boards, the Forest Department can establish and control, under the existing law and rules, cattle-pounds for the areas within its jurisdiction and (2) whether a similar arrangement is not legally possible in the case of the Amrut Mahal kavals.

Establishment of Cattle Pounds in Amrut Mahal Kavals.

2. Government observe that the subsidiary rules framed and the notifications published under the rules of 1878 are still in force; and that though the former were expressly repealed by clause (*c*) of Section 1 of the Forest Regulation of 1900; both the above are expressly saved by the same clause, to the extent that they are not inconsistent with Regulation XI of 1900. This being so, and the Government, while modifying the feeding rates for the cattle impounded in Forest pounds fixed under Notification No. 206, dated the 9th October 1889, having declared in para 2 of their Proceedings No. 347-55--1792-800, dated the 14th November 1901, that it was undesirable to abolish Forest pounds or to remit or reduce the fines imposed in connection therewith and as the practice of maintaining and controlling Forest pounds by the Forest Department continues unaffected even to the present day, the Cattle Trespass Regulation cannot be considered to have rendered the maintenance and control of Forest pounds by Forest officers a legal impossibility. Moreover, Section 11 of the Cattle Trespass Act is not applicable to State Forests or District Forests, since these are not covered by any of the terms used therein, *viz*, public roads, pleasure grounds, plantations, canals, drainage works, embankments and the like, the only term which approaches natural grown Forests being "Plantations" which is not as wide as the term "Forest." Hence, section 63 of the Forest Regulation declares that "cattle trespassing in a State or Village Forest or in a District Forest contrary to the provisions of Section 35 and the rules made thereunder, shall be deemed to be cattle doing damage to a public plantation within the meaning of Section 11 of the Cattle Trespass Act." This doubtless legalizes the application of the provisions of the Cattle Trespass Act to Forest areas, but without overriding those of the Forest Regulation or the Rules framed thereunder, and though the provisions of the Cattle Trespass Regulation may be applied under Section 63 of the Forest Regulation to Forest pounds maintained by the Forest Department, nothing precludes the Government from framing a separate set of rules, as occasion arises, for such pounds under Sections 35 and 76 of the Forest Regulation. Moreover the Local Boards Regulation which does not expressly or impliedly repeal the provisions or the practice still in force regarding Forest pounds must be construed to have been enacted subject to the "exceptions and conditions" already existing or "as the Government from time to time make and impose" and cannot render nugatory the provisions of the Forest Regulation or any Forest Rule in force. Under these circumstances Government are pleased to declare the 1st question in the affirmative.

3. As regards the second question about Amrut Mahal kavals, Government consider that they constitute "District Forests" within the meaning of clause 13 of Section 2 of the Forest Regulation; and did constitute "District Forests" under the rules of 1878, repealed by the Forest Regulation. Amrut Mahal officers are Forest officers within the meaning of clause (1) of Section 2 of the Forest Regulation which defines a "forest officer" and they discharge many functions of a Forest Officer as laid down in the Forest Regulation. Thus, as Amrut Mahal kavals stand on the same basis as the Forests, there can be no doubt that cattle-pounds may be established in the Amrut Mahal kavals under the control of Amrut Mahal officers without any further action under the Cattle Trespass Act or the Mysore Local Boards Regulation. The rules applicable to Forest pounds will likewise apply to Amrut Mahal kaval pounds.

4. A Notification excepting from the control of District Boards cattle-pounds established in or in the vicinity of the State Forest, on lands placed under special protection under Section 35 of the Mysore Forest Regulation of 1900, and in Amrut Mahal kavals, solely for impounding cattle trespassing in such tracts, will accordingly be published in the Gazette.

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

CONTENTS OF PART A,

OF

PROCEEDINGS OF THE GENERAL AND REVENUE DEPARTMENT

FOR

NOVEMBER 1904.

Matters of importance—Papers printed

MUNICIPAL.

Serial No. of File.	Number and date of letter and contents.	References.	Page in A. Progs.
	FILE No. L. F. 126 of 1903-04.		
	Sanctioning powers of Vice-Presidents of the Municipalities other than those of the Bangalore and Mysore Cities in regard to urgent and petty repairs and original works.		
1	To the Presidents of the Municipal Boards, No. 4843-50—L. F. 126-03, dated the 13th June 1904. Calls for a report as to the existing practice in the district, in regard to the power vested in the Vice-Presidents of Minor Municipalities, of sanctioning repairs up to Rs. 100 and original works up to Rs. 50.	G. P. No. 10886-72—L. F. 137-92, dated 21-3-1896 and G. P. No. 1786-97—R., dated 22-12-1903.	1
2	From the President of the Municipalities in the Kadur District. States that under orders conveyed in Government Proceedings No. 10886-72—L. F. 137-92, dated the 21st March 1896, the Vice-Presidents of the several Municipalities in the district exercise the power of sanctioning estimates for petty original works costing not more than Rs. 50 and for repairs costing not more than Rs. 100.		1
3	From the President of the Municipalities in the Bangalore District, No. 1041, dated the 28th June 1904. States as above.		1
4	From the President of the Municipalities in the Chitaldrug District, No. 108, dated the 14th August 1904. States that except the Vice-President of Davangere, who exercised the power in 1902, the order was not given effect to, and that the President is not able to ascertain definitely why the Vice-Presidents have not been exercising the powers referred to, that in his opinion it does not seem expedient to extend the powers to all the Vice-Presidents alike as some may be wanting in character and experience to make a right use of that power, and suggests that the order of 1896 may be so modified as to make it discretionary with Presidents to delegate the power only to qualified Vice-Presidents.		1
5	From the President of the Municipalities in the Kolar District, No. 232, dated the 22nd August 1904. States as in Serial Nos. 2 and 3 but subjects to the approval of the President.		2
6	From the President of the Municipalities in the Shimoga District, No. 177—30, dated the 26th August 1904. States as in Serial Nos. 2 and 3.		2
7	From the President of the Municipalities in the Hassan District, No. 219—S., dated the 30th September 1904. States that the Vice-Presidents of Minor Municipalities have not been exercising such powers except in Belur where the Vice-President sanctioned an estimate for Rs. 41 in 1899, that the sanctioning power of all estimates appears to have been reserved by the President himself for the reason that it will lead to confusion and cancellation of sanctions of Vice-Presidents in cases where the President disagrees with the Vice-President as to the necessity for any particular work, that as Assistant Commissioners in charge of Taluks are vested with		2

	powers of the President there would be two authorities to sanction estimates in addition to the President and solicits instructions in the matter.		
2	From the President of the Municipalities in the Mysore District, No. 258, dated the 5th October 1904. States as in Serial Nos. 2 and 3 and adds that notifications of sanctions are submitted to the President's office for works sanctioned by Vice-Presidents and that no works are commenced before the order of acceptance is sent, as otherwise the monthly list of sanctions sent to the Comptroller will be incomplete and inaccurate.		3
9	From the President of the Municipalities in the Tumkur District, No. 257, dated the 6th October 1904. States that the powers contemplated in the Government Proceedings of 1896 do not appear to have hitherto been given effect to in the district and that they are given effect to now.		3
10	To the Presidents of the Municipalities in the several districts, No. 4354-64—L F. 126-03, dated the 24th November 1904. Directs that the sanctioning powers vested in the Vice-Presidents of Minor Municipalities in regard to original works and repairs be exercised by them in all districts and that Assistant Commissioners in charge of Taluks do exercise the powers vested in them by Government Proceedings No. 1786-97—R., dated the 22nd December 1903, such of the Amildars and Assistant Commissioners as do not discharge their duties in this respect satisfactorily being reported to Government for special exceptions.		3
	FILE No. Ml. 43 of 1904-05.		
	Levy of Mohatarfa tax on Dhobis for carrying on the profession of carriers of grain in the Chikmagalur Town.		
1	From the President, Kadur District, No. 454, dated 26th February 1904. Submits a copy of the Municipal Board proceedings of the Chikmagalur Town, held on 8th March 1904, containing a resolution on the subject.		4
2	To the President, Kadur District, No. 516-43-2—Ml., dated 21st July 1904. Calls for a report on the subject and enquires whether this tax obtains in any other Municipalities in the Province. Endorsement to the Presidents of the Municipalities in other Districts, memo No. 517-23, dated 21st July 1904. Calls for a report as to whether the tax alluded to the said resolution is being levied in any of the Municipalities in the district.		4
3	From the President of Municipalities, Kolar District, No. 92, dated 22nd July 1904. States that no such practice as levying tax on dhobis' donkeys obtains in any of the Municipalities in the district.		4

Claims of Yajaman Krishnasetty of Hole-Narsipur for compensation.

1	Petition, No. 1110, dated 21st October 1902, from Yajaman Krishnasetty of Hole-Narsipur. Appeals against the order of the President of Municipalities in the Hassan District ordering the dismantling of a portion of his house newly built on a site given to him in exchange for his house and its backyard acquired by the Hole-Narsipur Municipal Board for straightening the road in front of the said house.	
2	To the President of Municipalities, Hassan District, Official Memo No. 9084—L. F. 132-02, dated 27th November 1902. Forwards the above petition with its enclosures for a detailed report with the entire records in the matter.	
3	From the President of Municipalities, Hassan District, No. 464, dated 16th March 1903. Submits the detailed report called for in the above.	
4	From the Secretary, General and Revenue Departments, No. 811-12—L. F. 132-02, dated 17th August 1903. Observes that after the petitioner got the site in question and built upon it, it is harassing him unnecessarily to direct that the structure should be knocked down and that as the President, members and the Assistant Surgeon are against the structure in question being allowed to stand and as the President admits that the petitioner is entitled to get another site in exchange and also compensation for the removal of the building, requests the President to settle the matter early and to report the result to Government.	
5	From the President of Municipalities, Hassan District, No. 264, dated 7th October 1904. States that, as reported by Mr. Devaraj Urs, Krishnasetty has reasonable claims for compensation, that the Panchayatdars estimate the amount due to him at Rs. 309, while he himself claims Rs. 473 and that regard being had to the award made for similar lands at the District Head-quarters and in fairness to the petitioner's claim, he would fix the amount at Rs. 268-4-11 and suggests that the amount may be paid out of the provision of Rs. 500 made under "VIII Public Works, Compensation" in the current year's budget of the Hole-Narsipur Municipality.

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary, (Municipal), November 1904.

Sanctioning powers of Vice-Presidents of the Municipalities, other than those of the Bangalore and Mysore Cities, in regard to urgent and petty repairs and original works.

FILE No. 126 of 1903-04.

Subject No. 60 of Dasara Representative Assembly of 1903.

The passing of the Municipal Regulation for the Minor Municipalities may be expedited and the Vice-Presidents empowered to sanction estimates of Rs. 50 and under for urgent and petty repairs.

To the Presidents of Municipalities and District Boards, No. 4843-50—126-03, dated 13th June 1904.

With reference to this representation, has the honor to state that as per Government Order No. 10866-73—L. F. 137-92, dated 21st March 1896, the Vice-Presidents have power to sanction repairs up to Rs 100 and original works up to Rs. 50. The President is requested to report before the beginning of October next as to the existing practice in his district, with reasons if, in any instances, the Government order referred to above, has not been given effect to. **Serial No. 1**

Letter No. 573, dated the 15th June 1904, from M. NARAIN RAO, Esq., President of the Municipal Boards in the Kadur District, to L. ANANTASAMI RAO, Esq., B. A., Officiating Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.

In reply to your docket No. 4843-50—L. F. 126-03 of the 13th June 1904, I have the honor to report that under orders conveyed in Government Proceedings No. 10886-72—L. F. 137-92 of the 21st March 1896, the Vice-Presidents of the Minor Municipalities in this district exercise the power of sanctioning estimates for petty original works costing not more than Rs. 50 and for repairs costing not more than Rs. 100. **Serial No. 2**

Letter No. 1041, dated the 28—29th June 1904, from D. DEVARAJ URS, Esq., President of the Municipalities in the Bangalore District, to B. K. VENKATA VARADA IYENGAR, Esq., Officiating Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.

With reference to your docket No. 4843-50—126-03, dated 13th June 1904, calling for a report as to the existence of the practice of sanctioning repairs up to Rs. 100 and original works up to Rs. 50 by the Vice-Presidents of Minor Municipalities, I have the honor to state that the order of the Government referred to in your docket under reference has been given effect to, and the Vice-Presidents of the Minor Municipalities in this district are exercising the powers alluded to. **Serial No. 3**

Letter No. 108, dated the 14th August 1904, from H. RAMANUJA IYENGAR, Esq., President of the Municipalities in the Chitaldrug District, to B. K. VENKATA VARADA IYENGAR, Esq., Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Department.

Adverting to your No. 4843-50—L. F. 126-03, dated 13th June last, enquiring with reference to Government Order No. 10866—L. F. 137-92, dated 21st March 1896, whether Vice-Presidents of Municipalities in this district exercise the power of sanctioning estimates for repairs up to Rs. 100 and for original works up to Rs. 50, I have the honor to state that the practice in vogue, when I took charge of the district in the early part of last year, was to submit all estimates, whether of original works or repairs in the Minor Municipalities, to the President for sanction. The same practice has been continued since except in the case of Davangere, where the Vice-President exercised the power in respect of the marginally noted works in the year 1902, which were accepted by this office. I have not been able to ascertain definitely why the Vice-Presidents of the several Municipalities in this district have not been exercising the powers referred to. In my humble opinion, a Vice-President should have both character and experience to be able to make a right use of the power. It does not seem therefore expedient to extend the power to all Vice-Presidents alike. As the ultimate responsibility for the proper utilization of the funds rests **Serial No. 4**

with the President. I beg respectfully to suggest that the Order of March 1896 referred to above, may be so modified as to make it discretionary with Presidents to delegate the power only to qualified Vice-Presidents.

Letter No. 232, dated the 22nd August 1904, from K. P. PUTTANNA CHETTY, Esq., President of the Municipal Boards in the Kolar District, to B. K. VENKATA VARADA IYENGAR, Esq., Secretary to the Government of His Highness the Maharaja of Mysore, Revenue and General Department.

Adverting to your No. 4843-50—L. F. 126-03, dated the 13th June 1904, I have the honor to report that the Vice-Presidents of the several Municipalities in the district have been sanctioning estimates for petty original works costing not more than Rs. 50 and for repairs costing not more than Rs. 100, subject to the approval of the President. **Serial No. 5**

Docket No. 177—30, dated the 26th August 1904, from M. S. NARAYANA RAO, Esq., President of the Municipalities in the Shimoga District, to B. K. VENKATA VARADA IYENGAR, Esq., Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Department.

Secretary's docket No. 4843-50—L. F. 126-03, dated 13th June 1904, calling for a report as to the practice of sanctioning repairs up to Rs. 100 and original works up to Rs. 50 by the Vice-Presidents of Minor Municipalities. **Serial No. 6**

With reference to the above has the honor to state that the practice is in vogue in this district.

Letter No. 219—S., dated the 30th September 1904, from P. R. W. WETHERALL, Esq., President of the Municipalities in the Hassan District, to B. K. VENKATA VARADA IYENGAR, Esq., Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Department.

With reference to your docket No. 4843-50—L. F. 126-03, dated 13th June 1904, requesting submission of a report as to the existing practice in this district in regard to the power of Vice-Presidents to sanction estimates for original works up to Rs. 50 and repairs up to Rs. 100 in accordance with Government Proceedings No. 10866-78—L. F. 137-92, dated 21st March 1896, I have the honor to state that the Vice-Presidents of the Minor Municipalities of this district have not been exercising such powers. **Serial No. 7**

2. It is reported, however, that in January 1899, the Vice-President of the Belur Municipality, sanctioned an estimate amounting to Rs. 41 for repairing the street to the south of Sri Channakesavaswami temple at Belur and incurred an expenditure of Rs. 40-8-0 from his imprest. This procedure of the Vice-President seems to have been objected to by the President of Municipalities, the expenditure incurred being however passed as a special case. This appears to be the only instance in which a Municipal Vice-President of this district exercised such power.

3. The power of sanctioning all Municipal estimates was apparently reserved in this district by the President of Municipalities himself. The chief consideration for such appears to have been that it would lead to confusion and cancellation of sanctions of Vice-Presidents in instances where the President disagrees with the Vice-President as to the necessity of any particular work. It may be observed from Government Proceedings No. 10866-73—L. F. 137-92, dated 21st March 1896, that estimates sanctioned by Vice-Presidents are presumably subjected to the acceptance or approval of the President. It would be obviously inconvenient and cause much confusion where works are put in hand upon sanctions of Vice-Presidents if the President were to disapprove of the sanction and order its cancellation. And as Amildars are Vice-Presidents of Minor Municipalities, there might be many such instances. If it be intended that works should not be commenced at all until receipt of the President's approval to the Vice-President's sanction, there would appear to be no object to be gained in authorizing Vice-Presidents to sanction such works at all.

4. Similarly, on receipt of Government Proceedings No. 1786-97, dated 22nd December 1903, Mr. D. Devaraj Urs, then President of Municipalities of this district, did not instruct Assistant Commissioners in charge of taluks to exercise the powers of Presidents in the Minor Municipalities within the limits of their respective charges, subject to his control. Although it is not expressly mentioned in the last quoted Proceedings that such Assistant Commissioners should exercise the power of sanction of estimates up to Rs. 500, presumbly such is intended.

Sanctioning powers of Vice-Presidents of the Municipalities, other than those of the Bangalore and Mysore Cities, in regard to urgent and petty repairs and original works.

If so, there would be two authorities, *viz.*, the Assistant Commissioner and the Amildar (Vice-President) in addition to the President of Municipalities empowered to sanction estimates subject to the general control of the latter. Still further, conflict of opinions would arise and would lead to prolonged correspondence and confusion of accounts.

5. I therefore solicit instructions in the matter.

Letter No. 258, dated the 5th October 1901, from M. KANTARAJ URS, Esq., B.A., President of the Municipalities in the Mysore District, to B. K. VENKATA VARADA IYENGAR, Esq., Secretary to the Government of His Highness the Maharaja of Mysore, in the General and Revenue Department.

With reference to your docket No. 4853-50—L. F. 126-03 of the 13th June 1904, requesting to be furnished with information regarding the practice existing in this district as to the powers of the Municipal Vice-Presidents in sanctioning estimates for public works, I have the honor to state that the Vice-Presidents are sanctioning estimates for petty original works costing not more than Rs. 50 and for repairs not more than Rs. 100, submitting at the same time notifications of sanction to this office for acceptance. As a rule, the works are not commenced before the order of acceptance is sent from this office, as otherwise the monthly list of sanctions required to be sent to the Comptroller will be incomplete, and inaccurate and the allotment for works cannot be accurately ascertained in this office. **Serial No. 8**

Docket No. 257, dated the 6—8th October 1901, from K. DORASWAMI IYER, Esq., President of the Municipalities in the Tumkur District, to B. K. VENKATA VARADA IYENGAR, Esq., Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Department.

Referring to his docket No. 4843-50—L. F. 126-03, dated 13th June 1904, has the honor to state that the powers to Vice-Presidents of Municipalities contemplated in Government Proceedings No. 10866-72—L. F. 137-92, dated 21st March 1896, do not appear to have been given effect to in this district. They are given effect to now. **Serial No. 9**

To the Presidents of the Municipalities in the several Districts and Comptroller, No. 4354-61—L. F. 126-03, dated the 24th November 1904.

From the several communications read above it is clear that the Vice-Presidents of the Municipalities in the Kadur, Bangalore, and Shimoga Districts have been regularly exercising the powers vested in them by Government Order No. 10866-73—L. F. 137-92, dated the 21st March 1896, while those in the Districts of Kolar and Mysore exercise that power, subject to the President's approval. It also appears that the said order was given effect to only recently in the Tumkur District. The Presidents of the Municipalities in the Hassan and Chitaldrug Districts, besides reporting that the said power is not being exercised by the Municipal Vice-Presidents, represent that its exercise will lead to confusion and multiplication of correspondence. Government cannot understand why the said order which only affirms the previous practice should not have been given effect to and how when there are separate budget grants for each Municipality any inconvenience can arise therefrom. The acceptance of notification of sanction by the President is a formal matter and does not mean that the work concerned should not be started previously thereto. In such circumstances, Government disapprove of the action of the President of the Municipalities in the Hassan District in not giving effect to the Order of 1896, and direct that it be given effect to in all the districts. They further direct that the Assistant Commissioners in charge of taluks be permitted to exercise the powers vested in them by Government Proceedings No. 1786-97—R., dated the 22nd December 1903, such of the Amildars and Assistant Commissioners as do not discharge their duties in this respect satisfactorily being reported to Government for special exceptions. **Serial No. 10**

V. READ—

"Petition dated the 17th February 1904, from the inhabitants of Donikhana, Muramanchehalli, Hosamane and Channapura requesting that the tax imposed on washermen for having kept donkeys to carry on their profession may be remitted.

RESOLUTION—

The dhobis keep a number of donkeys and carry on the profession of carriers of grain, etc., to Coffee estates. For the exercise of their profession as dhobis, each family does not require more than a couple of donkeys. The tax now imposed is not on the donkeys but a Mohatarfa tax on the profession of carriers that the dhobis carry on. The petitioners will be informed that the Board do not see any reason to remit the Mohatarfa tax they have been paying for the past several years.

Docket No. 516-43-2—L. B., dated the 21st July 1904, to the President of the Municipalities in the Kadur District.

With reference to Resolution No. V of the 8th March last of the Chikmagalur Municipal Board, that they see no reason to remit the Mohatarfa tax imposed on dhobis for carrying on the profession of carriers of grain and which they have been paying for the past several years, has the honor to request that the President will be good enough to report on the following points:— **Serial No. 2**

(i) When was the tax in question first imposed and on what authority?

(ii) What is the income from this source for the past ten years? and

(iii) Does this tax obtain in any other Municipality in the district? and if so, where and on what authority?

The favor of an early reply is requested.

Cir. Memo No. (517-23)-43—L. B. Cir. 3, dated 21st July 1904.

Copy forwarded to the Presidents of the Municipalities in the other districts with copy of the resolution above referred to for report as to whether the tax alluded to in the resolution is being levied in any of the Municipalities in their districts, and if so, where and on what authority.

Letter No. 92, dated the 22nd July 1904, from K. P. Puttanna Chetty, Esq., President of the Municipalities in the Kolar District, to B. K. Venkata Varada Iyengar, Esq., Offg. Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Department.

With reference to your No. 516—L. B. 43-2, dated the 21st July 1904, I have the honor to state that no such practice as levying tax on dhobis' donkeys obtains in any of the Municipalities in this district. **Serial No. 3**

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary, Municipal, November 1904.

Levy of Mohatarfa tax on Dhobis for carrying on the profession of carriers of grain in the Chikmagalur Town.

Docket No. 119, dated the 15—18th August 1904, from K. Doraswami Iyer, Esq., President of the Municipalities, Tumkur District, to B. K. Venkata Varada Iyengar, Esq., Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Department.

Serial No. 4

Referring to his Circular Memo No. (517-23)-43-2—L. B., dated 21st July 1904, has the honor to state that in this district (dhobis) washermen do not carry on the profession of carriers of grain, etc., and therefore no tax of the kind referred to in the resolution of the Chikmagalur Municipal Board is levied.

Letter No. 154—17, dated the 20th August 1904, from M. S. Narayana Rao, Esq., President of the Municipalities in the Shimoga District, to B. K. Venkata Varada Iyengar, Esq., Secretary to the Government of Mysore, General and Revenue Department.

Serial No. 5

With reference to your Circular memo No. (517-23)-43-2—L. B., dated 21st July 1904, *in re* imposition of tax on washermen for having kept donkeys, etc., I have the honor to report that no such tax is levied on donkeys in any of the Municipalities of this district.

Letter No. 176—29, dated the 26th August 1904, from M. S. Narayana Rao, Esq., President of the Municipalities in the Shimoga District, to B. K. Venkata Varada Iyengar, Esq., Secretary to the Government of Mysore, General and Revenue Department.

Serial No. 6

In continuation of this office No. 154—17, dated 20th instant, I have the honor to state that no taxes are imposed in any of the Municipalities on dhobis for carrying on the profession of carriers of grain. There are no such professional dhobis in the district.

Letter No. 158, dated Mysore, 26th August 1904, from the President of the Municipalities in the Mysore District, to B. K. Venkata Varada Iyengar, Esq., Offg. Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Department.

Serial No. 7

With reference to your docket No. (517-237)—L. B. 43-2 of the 21st July 1904, enquiring whether any tax is imposed on donkeys kept by the dhobis for carrying on their profession, etc., I have the honor to reply in the negative.

Letter No. 103, dated the 27th August 1904, from M. Narayan Rao, Esq., President of the Municipal Boards in the Kadur District, to B. K. Venkata Varada Iyengar, Esq., Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Department.

Serial No. 8

In reply to your docket No. 516-43-2—L. B. of the 21st July 1904, calling for particulars of taxation on dhobis of the Chikmagalur Municipality, I have the honor to forward herewith a statement giving in detail the particulars called for, from which it will be observed that two of the dhobis have been paying Mohatarfa tax from 1874-75 and that five others were taxed from 1901-02.

2. A uniform rate of Rs. 4 per annum has been levied. The authority for the levy of the tax is not procurable but the practice has been to assess all trades to the Mohatarfa revenue according to the rates authorized in the list published at page 268 of the Revenue Manual.

3. The Amildars of the other taluks report that such tax is not levied in the Municipalities in their taluks.

Statement showing the Mohatarfa tax levied from Dhobis in the Town of Chikmagalur for carrying on the profession of carriers of grain, etc., to Coffee estates.

Levy of Mohatarfa tax on Dhobis for carrying on the profession of carriers of grain in the Chikmagalur Town.

Letter No. 155—S., dated the 3rd September 1904, from P. R. W. Wetherall, Esq., President of the Municipalities in the Hassan District, to B. K. Venkata Varada Iyengar, Esq., Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Department.

With reference to Government Circular memorandum No. 517-23-43-2—L. B., dated 21st July 1904, I have the honor to report that the tax on dhobis for carrying on the profession of carriers of grain, etc., referred to in the above, is not levied in any of the Municipalities of this district. **Serial No. 9**

Letter No. 156, dated the 14th September 1904, from H. Ramanuja Iyengar, Esq., Deputy Commissioner, Chitaldrug District, to B. K. Venkata Varada Iyengar, Esq., Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Department.

With reference to your Circular memo No. 517-23-43-2—L. B., dated 1st July last, enquiring whether any tax is being levied in any of the Municipalities in this district, on dhobis, who keep a large number of donkeys for carrying on the profession of carriers of grain, etc., I have the honor to state that a shop-tax under the Mohatarfa Rules is levied on such dhobis in the Chitaldrug and Harihar Municipalities. **Serial No. 10**

Letter No. 256, dated the 27th September 1904, from D. Devaraja Urs, Esq., President of the Municipalities in the Bangalore District, to B. K. Venkata Varada Iyengar, Esq., Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Department.

With reference to your Circular memo No. (517-23)-2—L. B., dated the 21st July 1904, enquiring whether any tax is levied on washermen for having kept donkeys to carry on the profession of carriers of grain, etc., alluded to in the copy of Resolution No. V of the 8th March 1904 of the Chikmagalur Municipal Board, I have the honor to state that the tax in question was never imposed in any of the Municipalities, and it is not being levied anywhere in this district. **Serial No. 11**

To the Presidents of the Municipalities in the several Districts, No. (4366-75)-43-12—Ml., dated the 24th November 1904.

From the replies received it is observed that nowhere in the State the practice of levying a tax on dhobis prevails except in the towns of Chikmagalur, Chitaldrug and Harihar and even in the case of those places no authority has been cited for such levy. As no profession tax is leviable under the existing rules, Government direct that the levy of tax on dhobis be discontinued. **Serial No. 12**

Proceedings of the Government of His Highness the Maharaja of **Mysore,** *Local Fund and Sanitary, (Medical), November 1904.*

Report on Vital Statistics and Sanitation for the year 1903.

FILE No. 60 of 1904-05.

From Lt. Col. JOHN SMYTH, M. D., I. M. S., Officiating Senior Surgeon and Sanitary Commissioner with the Government of His Highness the Maharaja of Mysore, Bangalore, to B. K. VENKATA VARADA IYENGAR, Esq., Officiating Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Department, Bangalore, No. 87, dated the 11th August 1904.

I have the honor to forward the marginally noted Annual Reports, received printed from the Superintendent, Government Printing in Mysore, and to state that the other reports will be forwarded immediately on receipt. **Serial No. 1**

1. Annual Medical and Sanitary Reports of Mysore for the Calendar year 1903, (six interleaved copies.)
2. Annual Report on the Vaccine Institute and on Vaccination for the Calendar year 1903, (six interleaved copies.)

To the Senior Surgeon, No. (2270)-60-2—Md., dated 19th September 1904.

His Annual Medical and Sanitary Report for the year 1903.

With reference to the above, has the honor to observe that according to statement No. XI, appended to the report, the district most affected was Mysore including the Mysore City where the number of plague deaths was 6,369, while in the opening sentence on page 3 of the report, it is stated apparently by an error that Bangalore including Bangalore City was the district most affected, and to request to be informed at a very early date whether the words "Mysore including Mysore City (6,360)" may be inserted in place of "Bangalore including Bangalore City (5,489)." **Serial No. 2**

2. It is also requested that the paragraphs of the report may in future be numbered.

From Lt. Col. JOHN SMYTH, M. D., I. M. S., Officiating Senior Surgeon and Sanitary Commissioner with the Government of His Highness the Maharaja of Mysore, Bangalore, to B. K. VENKATA VARADA IYENGAR, Esq., Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Department, Bangalore, No. G. 177, dated the 21st September 1904.

With reference to docket No. (2270)-60-2—Md., dated 19th September 1904, I have the honor to state that the district most affected was only Bangalore and not Mysore as this comparison was made from the ratios of death obtained per mille of population of the districts. **Serial No. 3**

To the Senior Surgeon and Sanitary Commissioner with the Government of His Highness the Maharaja of Mysore, No. (4334)—64-4—Md., dated Bangalore, 24th November 1904.

The registered birth-rate rose from 16·31 in 1902 to 17·04 in 1903 per mille and indicates an increase of ·73 and ·59 over that of the past year and of the average of the previous five years respectively. The registered death-rate was 20·73 per mille against 19·99 in 1902, and 17·94 in 1897, *i. e.*, a year previous to the outbreak of plague in the State. The Senior Surgeon considers that the increase both in births and deaths as compared with the results of the previous year, is probably due to more accurate registration but states that even these figures cannot be taken to be quite correct. The Senior Surgeon will therefore be requested to expedite the submission of proposals for improved registration as already called for in para 2 of Government Proceedings No. 1592—5-97, dated the 19th September 1903. **Serial No. 4**

2. The statistics compiled in the annual form No. IV show that infant mortality still plays an important part in swelling the death-rate; the proportion of those that die under one year to 1,000 persons living of either sex being 88·16 for males and 75·21 for females. It is also noted that, except between the ages of 15 and 30 when

females die in much larger numbers than males, the mortality among males is greater. This marked increase in female mortality during the child-bearing ages is a matter for regret, and indicates the necessity of supplementing by private agency, the skilled assistance already provided by Government, who themselves are not insensible of increasing it wherever possible, and of encouraging people to avail themselves more largely of such assistance.

3. Government note that deaths from cholera and small-pox have appreciably fallen during the year under review, and that plague also has claimed fewer victims than in previous years. Deaths from small-pox numbered 2,042 against 6,968 in the preceding year. The largest mortality in the State was caused by fevers and numbered 52,384, which is more than that of the previous year by 7,505.

4. The number of deaths from cholera fell from 218 in 1902 to 98 in 1903. The largest number (54 deaths) is reported to have occurred in the Mysore District.

5. Deaths from plague numbered 20,223 as against 26,301 in 1902, the districts which suffered most being Mysore and Bangalore with 6,360 and 5,489 deaths respectively.

6. With reference to the remarks made on page 3 of the report about the absence, in the statement, of a column showing the number of the plague cases, the Senior Surgeon's attention is invited to General and Revenue Secretary's No. 6283, dated the 15th June 1904, with which a copy of the resolution of the Government of India No. 1530-43, dated the 13th August 1901, was forwarded directing the opening of two additional columns for showing the deaths from plague and respiratory diseases and he is requested to see that revised forms embodying the additional columns in their proper places are caused to be printed and supplied to the medical subordinates in view to the details being furnished in the reports for 1904 and subsequent years.

7. The Senior Surgeon's promised experiments with regard to malaria in the Bangalore City will be watched with interest by Government, who will be glad to have a special and detailed report upon the results of such experiment after the lapse of one year.

8. Government note with satisfaction that the Officers and Municipalities concerned appear to have done their best to carry out sanitary improvements with the means at their disposal and the subject is of such vital importance that it admits of increased attention and expenditure.

9. There has been a delay of nearly 3½ months in the submission of this report to Government. The Senior Surgeon is requested to see that the annual reports of the Medical Department are in future submitted to Government on the due date, namely, 1st of May.

10. It is requested that in the future reports, full information may be supplied regarding the sanitary inspections made by the Sanitary Commissioner and the District Medical and Sanitary Officers.

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

	Inoculation of Convicts.	
1	From the First Assistant to the Hon'ble the Resident in Mysore, No. 200 C., dated States that the Resident is glad to receive the assurance conveyed in para 3 of this office letter No. L. B. P. 4513, dated 6th June 1904, that compulsory inoculation will not be resorted to in the case of under-trial prisoners and suggests the desirability of making the inoculation of convicts optional as is the case in the Bombay Presidency.	
2	From the Secretary, General and Revenue Department, No. 157 Pol., dated 19th August 1904. States that the practice of compulsory inoculation of convicts, which has been in vogue in Mysore, ever since the 1st outbreak of plague, has led to beneficial results while in no instance have any untoward results occurred and as departure from a long established healthy practice must involve far reaching consequences, the Darbar would like to be favoured with the views of the Government of India said to have been expressed on the subject.	L. B. P. 1513, dated 6th June 1904.
3	From the First Assistant to the Hon'ble the Resident in Mysore, No. 1390 P., dated 9th November 1904. States that all convicted prisoners may be inoculated if they have not been previously inoculated within a reasonable time, but that no under-trial prisoner should be inoculated without his full consent.	
4	To the Inspector General of Prisons in Mysore, No. 4270, dated 22nd November 1904. Directs that the existing practice of inoculating all convicted prisoners should continue, if they have not been previously inoculated within a reasonable time, but that no under-trial prisoner be inoculated except at his own request or with his full consent.	
	Endorsement to the Deputy Commissioners of Districts; the Presidents of the Bangalore and Mysore City Municipalities and the Senior Surgeon, No. 4271—81, dated 22nd November 1904. Forwards for information a copy of Serial No. 4.

Petitions Nos. 2020 and 3017, dated 29th February and 27th May 1904, respectively, from Basava, Pujari of the Basaveswara and the Hololingeswara temples at Gunni in the Channarayapatna Taluk, praying for the restoration of the temple Inam lands.

Letter No. 16, dated 11th July 1904, from the Deputy Commissioner, Hassan District, reporting on the above.

No. 1607—15, DATED BANGALORE, 8TH NOVEMBER 1904.

ORDER THEREON—The temples in question are endowed with the marginally noted Inam lands, measuring 15 acres and 24 guntas, assessed at Rs. 45-12-0 with Jodi &c, of Rs. 29-2-9 payable to Government. Some of these lands appear to have been for a few years in unauthorized possession and enjoyment of some of the residents of the village prior to 1897, when Mr. Kesaviengar, the then Amildar of the Channarayapatna Taluk having found the temples in a disrepaired state, attached all the lands in question and made the following arrangements:—

Local fund &c. cesses payable to Government Rs. 29-2-9

1. Out of the 8 numbers belonging to the temple, only two numbers *viz*, Nos., 67 and 116 carrying an annual assessment of Rs. 14-14-0 were left in the possession of the pujari, on condition of his paying the *full* assessment and performing puja and other services regularly in the temples, paying in addition the cost of daily Neivedya Deeparadhane &c., and (2) the remaining 6 numbers were leased out to others on condition of their paying annually to the temple 17½ candies of paddy and Rs. 26-3-0 in cash.

2. This arrangment, although it was reported to the Deputy Commissionr by the Amildar in April 1897, did not receive the sanction of that officer till July 1902 when after a delay of more than 5 years, it was approved and ordered to be continued for a period of 5 years. Even then the fact was not reported to Government and the arrangement has continued for these 7½ years resulting in a saving of Rs. 982-8-10 which has been deposited in the Government Savings Bank up to the 25th April 1904.

3. The pujari has been repeatedly praying for the restoration of all the lands to him as he has been performing the services regularly and as sufficient funds have accumulated for the repairs of the Institutions; but the Amildar is in favor of continuing the existing arrangement and the Deputy Commissioner has not given any opinion of his own.

4. The Government observe that it was an irregular procedure on the part of the Deputy Commissioner Mr. Devaraj Urs to have given effect to the proposals of the Amildar Mr. Kesaviengar, without the sanction of Government and it is to be very much regretted that no action was taken on the Amildar's report for more than 5 years. The pujari cannot be made to suffer for an indefinite period, especially seeing that sufficient funds *viz.*, Rs. 982-8-10, have accumulated for the repairs of the institutions.

5. In these circumstances, the Government are pleased to direct that all the lands belonging to the temples be at once restored to the pujari, together with the produce of the last year, as already directed in this office docket No. 3799, dated 1st June 1904. A mutchalika should be obtained from him for the proper maintenance of the temple buildings and the due performance of puja etc, in future.

6. The accumulated savings of Rs. 982-8-10 should be utilized for the benefit of the institutions, and an estimate submitted for their repairs.

7. The Government further direct that all cases of attachment of the temple Inam lands should be reported to Government and their previous sanction obtained in future.

The Comptroller to the Government of His Highness the Maharaja of Mysore.

No. 1621-34, dated Bangalore, 9th November 1904.

Order.—It has been brought to the notice of Government that Srimat Satyadheera Theertha Sripada Wadiyaravaru, the present High Priest (Swamigalavaru) of the Sri Uttaradi Matt at Hole-Narsipur, which has been endowed with extensive Inam lands and a cash grant of Rs. 526 per mensem from the Mysore State, has, without previously intimating his intention to Government, given the *Asrama* to a relation of his named Jayachar as his successor on the 5th day of Aswija Suddha, in the Nizam's Dominions. Vedamurti Javachar is stated to be only 29 years of age and the extent of his learning is not known.

2. From certain records relating to this Matt, which are now before Government, it appears that on a former occasion, when a new swami was nominated as Head of the Matt by his predecessor about the year 1864, His Highness the Maharaja Krishnaraja Wodier Bahadur III took umbrage at the nomination having been made without his consent, and that thereupon one Pachapurada Madhvaroyachar, the then Agent for the Matt, addressed His Highness on behalf of the Swamigalavaru, apologizing of the omission to obtain His Highness' permission beforehand, which he explained was due to the Swami's predecessor having been ill at the time, and stating that the Swamigalavaru would, when he nominated his own successor, obtain the previous permission of His Highness as also of the disciples of the Matt. This explanation was accepted and recorded by His Highness in 1864.

3. In 1892, it having been found that the established ancient custom of obtaining His Highness the Maharaja's previous concent to the nomination of successors to Matts within the State had not been followed in some instances, and that the omission had led to the succession to the Guruship of persons, who from their antecedents or lack of learning and qualifications, did not always command the esteem and regard of their disciples, the Government of His Highness the late Maharaja Chamarajendra Wodier Bahadur, G. C. S. I., in their Proceedings No. 233-42-Muz. F. 102-92, dated 14th December 1892, laid down rules for the succession of Gurus to Matts enjoying Government grants in laid or money or honors, directing that every succession to a Matt should receive the approval of His Highness the Maharaja, and that non-recognition of a successor by His Highness would involve the resumption of all State grants in land or money and the customary *Mariathes* and *Birudhus* granted or enjoyed under authority from the Sovereign.

4. In the year 1898, when the present Swamigalavaru was reported to be very ill, and upon information received that he was intending to appoint his son-in-law as his successor, the late Muzrai Secretary wrote to the Swamigalavaru under the orders of Her Highness the Maharani, late Regent, referring him to the Government orders above cited, and requesting him to act in accordence therewith. The Swamigalavaru demurred to this and replied on the 25th March 1898 to the effect that it had not been the custom to obtain the previous sanction of any Maharaja for the nomination of a successor to the Matt, that the practice was simply to intimate such succession to all concerned *after* the *Asrama* was actually given to an intended successor, and that the Government Proceedings of 1892 were not therefore binding upon him. Since then, the advice verbally given from time to time to the Swami that the successor to be appointed should be a person suited by learning and piety to the exalted position of High Priest of the Matt and that such nomination should receive the previous approval of His Highness the Maharaja and of the Matt's disciples, has gone unheeded.

5. Government observe that the attitude of the Swamigalavaru has been one of extreme indifference and disregard to all advice given in the best interests of the Matt and of the public good. His reply to the communication of 1898 was positively one of protest and non-compliance, in striking contract with the representation of the Matt Agent Madhvaroyachar made to His Highness the late Maharaja Krishnaraja Wodier Bahadur III in 1864, and his repudiation of the Government Order of 1892, which was founded upon previous custom and which was very clearly borne out by the communication of Madhvaroyachar above referred to, indicated that the Swami had entirely forgotten the consideration due by him to this State. The Swamigalavaru has moreover shown utter disregard of a judgment passed by the Chief Court of Mysore, several years ago, directing the payment by the Matt of the allowances and perquisites due to certain hereditary Shanbhogs of the Matt, and has left the decree-holders without redress except through the intervention of the Courts. The affairs of the Matt too have been allowed to fall into great disorder, many of the valuable lands endowed to the Matt having either been gifted away or otherwise

alienated in contravention of the objects of the grant, to relations and dependants, and the Matt buildings in various places in Mysore Territory having been allowed to fall into a state of utter disrepair.

6. In these circumstances, the Government of His Highness the Maharaja cannot recognize the succession of Vedamurti Jayachar as Swami of the Sri Uttaradi Matt without further explanation being offered by the old Swamigalavaru and accepted by Government as to why such a nomination was made by him in so sudden a manner without consulting his disciples in Mysore Territory and without obtaining the previous approval of His Highness the Maharaja.

7. In the meantime, Government are further pleased to direct that all the land endowments made to the Sri Uttaradi Matt, situated throughout the Mysore Territories as per statement annexed, and any others that may have been omitted therefrom for want of correct information, be at once attached temporarily and kept under the management of Government in the Muzrai Department until further orders. The Deputy Commissioners of the respective Districts will issue necessary instructions to the Amildars concerned to give due publicity to the raiyats or others who are in actual possession thereof, that the management of the endowments in question will, until further orders, vest in Government and not with the Matt authorities.

8. The revenue collections from the lands and villages will be regularly made hereafter by the Amildars under the orders of the Deputy Commissioners of the Districts in which they are situated, as in the case of Government villages, and the same remitted by means of P. S. T. R. drawn in the name of the Muzrai Secretary, for separate investment in the Government Savings Bank at Bangalore, in the name of "the Secretary to Government, Muzrai Department". The D., C., B. and other Statements should also be submitted to the Muzrai Department of Government. The Comptroller to Government is also requested to issue needful instructions in the matter to the Taluk and District Treasuries concerned.

9. If any of the Matt lands have been given away by the Matt authorities on long leases or have been alienated by means of sale, mortgage or hypothecation, such long leases or alienations cannot, under the terms of Government Notification No. 266, dated 17th November 1877, be accepted. But before declaring them to be invalid, Government deem it desirable to enquire into each case and then determine the future terms of the lease or the cancellation of it. The Deputy Commissioners concerned are therefore requested to call upon the lessees to produce documentary evidence, if any, within one month from the date of receipt of this Order, showing how and when they came into possession of the Matt lands or villages and on what terms they have been enjoying them. On receipt of the necessary information from them, a full and clear report should be submitted on each case together with the Deputy Commissioner's opinion as to the continuance or otherwise of the lease.

10. The arrears of revenue of past years, if any, due on the Inam lands and villages should also be collected by the Amildars and remitted to the Muzrai Secretary for investment in the Government Savings Bank. The Government in the Muzrai Department will settle, upon reports from the Deputy Commissioners in each case, as to how much should be paid to the lessees after deducting the amounts due to the Matt.

11. In view to avoid unnecessary delay in the matter of remitting the Matt amounts to the Muzrai Secretary by means of P. S. T. R., the Amildars of the Taluks in which the Matt lands are situated, may, as in the case of the Sri Vyasaroyaswami and the Sri Sivaganga Matts, carry on correspondence with the Muzrai Secretary direct, as regards P. S. T. R. and other money questions and accounts connected with the Matt.

12. In 1894, when one of the decree-holders proceeded to attach the cash allowance of Rs. 526 per mensem payable for the maintenance of the Matt at Hole-Narsipur, an order was passed by Government in the Muzrai Department on the 26th October of that year, observing that the allowance in question was a *Devadaya* grant not liable to attachment by the Civil Courts, and directing that the entire monthly allowance of Rs. 526 be held in deposit by Government and not paid either to the Matt or to the Civil Court. Out of this cash allowance, a considerable sum of money to the extent of Rs. 37,485-11-0 as per Taluk accounts for the month of September 1904, after deducting the Sanskrit Patasala expenses established by Government in the Matt at Hole-Narsipur at Rs. 200 per mensem, is now available at the credit of

the Matt. The Comptroller to Government should make arrangements to invest this amount also in the Government Savings Bank in the name of "the Secretary to Government, Muzrai Department." From this amount has to be met the cost of repairs amounting to Rs. 11,000 effected to the Matt at Hole-Narsipur which was in a dilapidated condition, and of the repairs to be effected to the Uttaradi Matt buildings in other places in the State.

Memorial No. 3330, dated 11th June 1904, addressed to His Highness the Maharaja by certain servants of the Sri Agastheswaraswami temple at Tirumakudlu in the T.-Narsipur Taluk, appealing against the Order of the Deputy Commissioner of the Mysore District, directing them to make good the loss sustained by the temple during the theft committed therein on the 18th August 1901 and stating that they were not on temple duty at the time of theft nor did they succeed to their offices by virtue of any hereditary right, and praying that they may be excused from making good the loss to the temple and that the same may be ordered to be recovered from the offenders by the sale of their property or from fines levied from them.

And,

Letter No. 67, dated 31st August 1904, from the Deputy Commissioner, Mysore District, reporting on the above.

No. 1740 (A)-(J)—Muz. F. 65-92, DATED BANGALORE, 14th NOVEMBER 1904.

ORDER THEREON.—The temple of Sri Agastheswaraswami at Tirumakudlu in the T. Narsipur Taluk was broken into on the night of the 18th August 1901 and jewels etc., worth Rs 305-11-0 were reported to be lost. Upon investigation into the matter, several of the lost articles were discovered hidden in the residences of some of the temple servants. 9 of them were convicted of theft by the Amildar Magistrate and punished with imprisonment and a fine of Rs. 140 was also inflicted on and recovered from them. Out of the fine recovered from the culprits a sum of Rs. 50, was ordered to be paid to the temple as compensation for the loss sustained by it. In the meanwhile, jewels worth Rs. 50-9-6 had been recovered. The Deputy Commissioner thereupon ordered that the loss sustained by the temple yet to be made good *viz.*, Rs. 200-1-6 should be recovered from all the temple servants rateably in accordance with the standing orders of the Muzrai Department on the subject. It is against this order that the temple servants have now memorialized His Highness the Maharaja.

2. With reference to the above, the Government observe that the Deputy Commissioner's order is justified by a Rule of the Muzrai Department which has long been in force and which was followed even in the days of the Mysore Commission. The principle of the order is that the loss of the temple should be made good anyhow and all the temple servants are liable to make good the loss consequent upon a theft. It is an old order acquiesced in by all the temple servants in the State. If there are any new servants, they took up the service with the full knowledge of what was expected of them and it is therefore unnecessary to interfere with the Deputy Commissioner's order. The memorial is accordingly rejected.

Petitions Nos. 156-513—695 and 3168, dated 28th October 1903 and 3rd June 1904, respectively, addressed to His Highness the Maharaja by one Kodandaramachar, Archak of the Sri Kodandaramaswamit emple at Yesvantapur, Malur Taluk, appealing against the order of the Assistant Commissioner, directing the assumption of the management of certain Inam lands endowed to the said temple. And,

Correspondence ending with letter No. 6135—542, dated 22nd June 1904, from the Deputy Commissioner, Kolar District, reporting on the above.

No. 1697-1701—M. F. 15-99, DATED BANGALORE, 14TH NOVEMBER 1904.

ORDER THEREON.—The temple of Sri Kodandaramaswami at Yesvantapur in the Malur Taluk, is a Muzrai institution endowed with the marginally noted two Inam villages and some other minor Inams in the same taluk. During the Inam Settlement which took place in 1869, those two villages were described as having been granted for the support of the temple, while the other minor ones were shown as Inams to the temple servants, such as Archak Bajantri, Tafe, etc., for services to be rendered therein. The two villages had been in the possession of the Archak of the temple for a long time, when seeing that he had separate Inams as remuneration for puja services, and considering that he had no right to the enjoyment of the two large villages in connection with which he rendered no accounts, the Assistant Commissioner Mr. N. Gopaliengar ordered in January 1903 that the management of the villages should be taken over by the Amildar, and that a regular scale of expenditure should be fixed, the balance being saved for executing periodical repairs to the institution. Against this order of the Assistant Commissioner the memorialist appeals to Government.

(1) Hanumanthapur Mahal. Jodi village, Malur Taluk.
(2) Karibeeranahosahalli. Jodi village, Hoskote Taluk.

2. From the two reports received from the Deputy Commissioners Mr. Carr and Mr. Puttanna Chetty, it is observed that the temple is kept in good condition and that the puja and other services are duly rendered therein. It is also observed that the said villages of Hanumantapura and Karabiranahosahalli had been in the possession and management of the petitioner, the Archak and his ancestors for many years past. Both the above named Deputy Commissioners have, in consideration of this long enjoyment and of the fact that the Archak has now consented to render regular accounts to Government and to carry on expenditure in the temple in accordance with the scale prescribed by Government and to deposit with Government annually one-fourth of the net income from the said villages as savings to the temple, recommended that the villages may be restored to the Archak on the said conditions.

3. Under the foregoing circumstances, the Government are pleased to sanction the Deputy Commissioner's recommendations regarding the restoration of the villages in question, and the adoption of the scale of expenditure as per statement appended. They accordingly direct that the villages be given over to the possession and management of the Archak on the express understanding,

(i) that regular accounts of receipts and expenditure are submitted to Government monthly;

(ii) that the expenditure in the temple is regulated by a fixed scale prescribed by Government;

Petition Registered No. 249, dated 22nd August 1901, from Narayana Jois and other Upadhivantas of the Sri Rameswaraswami temple at Keladi in the Sagar Taluk, stating that in order to meet the enhanced assessment imposed on the inam lands during the survey settlement, the establishment and other charges in the temple were curtailed and praying that the establishment may be given proper remuneration for their duties in the temple.

AND,

The following letter No. 231—19, dated 7th September 1904, from the Deputy Commissioner, Shimoga District.

Adverting to your No. 1541—31-92, dated 27th March 1902, anent the revision of Scale of Establishment, Paditara and other charges according to the present requirements and resources, etc., of the temple of Rameswara at Keladi, Sagar, Taluk, I have the honor to enclose a statement sent up by the Assistant Commissioner, Sagar showing income from all heads to the institution from which it will be seen that the lands attached to the temple yield as its share 1,393½ chitni Kandies of paddy without fluctuation, the value thereof at the minimum rate (Rs. 1-4-0 per Kandy of 60 seers), is Rs. 1,742-4-0. The temple has besides an income of Rs. 379-12-8 in cash which makes the total income Rs. 2,122-0-8.

2. A proposition statement showing the past and proposed scale of expenditure is enclosed, which exhibits 297 Kandies of paddy and Rs. 250 in all aggregating Rs. 621-4-0, as the present expenditure sanctioned by the late Chief Commissioner in his Secretary's No. 625—118 of 3rd May 1830. The present proposal is to raise the scale under the following heads for reasons explained in the remarks column of the statement in accordance with the recommendations of the Sub-Division Officer and Assistant Commissioner :—

Heads.			Present scale.		Proposed scale.	
			Paddy.	Rs.	Paddy.	Rs
1 Lighting	..	...	..	60	..	100
2 Car-feast	...	...	13	100	19	135
3 Musicians	...	...	12	...	32	..
4 Sweeper	...	...	6	...	18	...
5 Upadhivantas	...	...	...	24	96	...
		Total	31	184	165	235

The former expenditure in money value is Rs. 222-12-0, while the proposed is Rs. 441-4-0 showing a net increase of Rs. 218-8-0. Since the abolition of Upadhis in 1880 several have left the place. It is now proposed to confer the vacant posts on those that are residing in the place and are competent to perform the services.

3. I consider the proposals fair and beg to recommend sanction may be accorded to them.

No. 1723-4—MUZ. F. 31-92, DATED BANGALORE, 15TH NOVEMBER 1904.

ORDER THEREON.—The Government approve of the Deputy Commissioner's proposals submitted in the letter read above.

2. The annual income to the temple is Rs. 1,393¾ chitni Kandies of paddy and Rs. 379-12-8 in cash. The expenditure per annum as now sanctioned comes up to 431 Kandies of paddy and Rs. 301 in cash. The balance of paddy, *viz.*, 962¾ Kandies, should be converted into cash and the proceeds together with the cash balance of Rs. 78-12-8 credited to the funds of the institution, after defraying the kandayam, jodi and other cesses payable on the inam lands of the temple.

Government Proceedings No. 694-7—Muz. F. 36-93, dated 23rd December 1893, directing the assumption by the Muzrai Superintendent of all the Inam lands and villages belonging to the Sri Sivaganga Matt in the Nelamangala Taluk, the management thereof being placed under the Amildars of the Taluks in which they are situated.

(ii) Government Proceedings No. 582, dated 19th March 1892, directing that the temple of Gangadhareswaraswami on the Sivaganga Hill and the Inam villages, etc., attached thereto, be placed under the management of the Amildar of the Nelamangala Taluk.

(iii) Government Proceedings No. 803-5—Muz. F. 36-93, dated 1st February 1896, passing orders in the matter of the settlement of the debts due by the Swamigalavaru to his creditors.

READ ALSO—

Srimukhas Nos. 915 and 916, dated 19th July 1904, from the Swamigalavaru, requesting that the monthly allowance payable to him be suitably increased.

No. 1860-1—Muz. F. 36-93, DATED BANGALORE, **27TH NOVEMBER 1904.**

ORDER THEREON.—It having come to the notice of the Government in 1893 that the affairs of the Sri Sivaganga Matt in the Nelamangala Taluk were being mismanaged, that the Matt was greatly involved in debt and that the buildings thereof were allowed to fall into disrepair, the Government directed in the first of the Proceedings read above, that the management of all the Inam villages and lands belonging to the Matt be assumed by the Muzrai Department. Under Government management, the debts due by the Swamigalavaru to the extent of Rs. 36,334-14-6 were all settled for smaller sums and paid up, the Paditara and other charges to be incurred in the Matt at Sivaganga were fixed, and an allowance of Rs. 100 per mensem was granted to the Swami who proceeded on a long tour through Northern India. By the introduction of the Survey Settlement into the Matt villages, the revenues due to the Matt rose from Rs. 4,000 to Rs. 8,000 per annum, and after making further periodical payments to the Guru to the extent of Rs. 9,200 for the expenses connected with his tour, the Government are glad to be able now to show an accumulated balance of Rs. 28,000 in the Treasury at the credit of the Matt.

2. In his present communications read above, the Swamigalavaru, who has returned from his tour in Northern India, requests that, as he intends staying permanently at Sivaganga in future and looking after the internal management of the Matt himself—

(i) the monthly allowance of Rs. 100 now paid to him may be raised to Rs. 500, so that he may have a suitable establishment and money for feeding, Nityakatle and Hetchukatle expenses and for the expenses of a Sanskrit Patasala proposed to be opened by him at Sivaganga;

(ii) that in addition to this, annual payments on account of Chaturmasa, etc., may be made to him to the extent of Rs. 600;

(iii) that the management of the Sri Gangadhareswara and Swarnamba and other temples, which was in the hands of the Guru prior to its being taken over by Government in 1892 in pursuance of the second of the Government Proceedings read above, may be restored to him, the management of the lands, however, being continued in the hands of the Government as heretofore; and

(iv) that a new Matt building may be constructed at Sivaganga, as the present Matt is unsuited for habitation owing to its being situated on low ground and amidst very insanitary surroundings.

3. The Guru does not ask for the restoration of the Matt lands to his control but asks for an increase of allowances so that he may himself manage the Matt's affairs with due dignity.

4. It is gratifying to note that the Swami has toured all over India and returned with a fair reputation. He has greatly improved in learning, and, by his lectures to the public and the rectitude of his conduct, has secured the respect and esteem of the people with whom he has come in contact. It seems therefore desirable that his monthly stipend should be increased in proportion to the dignity and fame which he has earned.

5. The average annual income from the Matt lands after they came under the management of Government, is about Rs. 8,000 and the expenditure now incurred by Government is as shown below, exclusive of the Jodi, etc., payable to Government:—

MONTHLY CHARGES.

	Rs.	a.	p.	
(1) Personal allowance to the Swamigalavaru	100	0	0	
(2) Establishment entertained for Puje and services in the Matt at Sivaganga	35	0	0	
(3) Establishment in the Nelamangala Taluk Cutcherry for work connected with the Matt lands	18	0	0	
(4) Ditto in the Muzrai Secretariat ...	20	0	0	Max. Pay.
(5) Paditara charges payable to the Anjaneyaswami temple at Bharatipura, a village belonging to the Matt	0	8	0	
(6) Gant-in-aid paid to the Bangalore Sanskrit College	10	0	0	
Total Monthly Charges ...	183	8	0	
Or Annually ...	2,202	0	0	

ANNUAL CHARGES.

(7) Paditara charges payable to the Sangameswara temple at Kutlu, Magadi Taluk, belonging to the Matt	17	6	0	
Total Annual Expenditure ...	2,219	6	0	

6. The lists of proposed charges sent by the Swamigalavaru show that he requires Rs. 400 per mensem or Rs. 4,800 per annum on account of Paditara, establishment, etc., charges, Rs. 100 per mensem or Rs. 1,200 per annum on account of the Sanskrit Patasala proposed to be opened, and a further sum of Rs. 600 per annum to meet the expenditure on certain periodical festivals such as Chaturmasa, Navarathri, etc., the total cost amounting to Rs. 6,600 per annum. Adding to this the payments referred to in clauses (3) to (7) of para 5 above which aggregate Rs. 599-6-0 per annum, the total expenditure is raised to Rs. 7,199-6-0 against an approximate income of Rs. 8,000 per annum. Government are of opinion that it is undesirable to provide for an expenditure nearly equivalent to the whole of the income of the Matt estates, especially considering that a new Matt building in a good and healthy locality is required to be built at a large outlay. They also believe that the Swami will see that it is to his interest that expenditure must be curtailed and money saved as much as possible to meet unforeseen contingencies and to effect improvements in the Matt.

7. The Government are therefore pleased under these circumstances to sanction a reduced scale of expenditure as follows, with effect from the 1st September 1904:—

	Monthly. Rs.
(1) For Paditara, establishment, etc., charges as per appended Statement A.	350

	Monthly. Rs.	
(2) For the Sanskrit Patasala to be newly established as per appended list B.	70	(to be paid to the extent necessary after the Patasala is opened.)
Total Monthly Charges ...	420	
Or Annually ...	5,040	
(3) For Chaturmasa, Navarathri, etc., charges annually, as per appended list C.	450	
Total per Annum ...	5,490	

8. The abovementioned amounts will be disbursed in future from the Nelamangala Taluk Treasury direct to the Swamigalu upon bills to be presented once a month in regard to establishments, Paditara, etc., and in the case of festive occasions, upon bills to be presented immediately before the advent of such festivals. As the monthly allowance of Rs. 100 hitherto paid to the Swamigalu and the sum of Rs. 35 per mensem hitherto paid for the Matt establishment charges at Sivaganga have become included in the total monthly expenditure of Rs. 350 now sanctioned, separate payment of these sums should be discontinued in future.

9. On the other hand, the charges amounting to Rs. 599-6-0 per annum incurred on account of grants to certain institutions and on account of the pay of the clerks employed by Government for keeping the accounts connected with the Matt estates, as shown in the appended Statement D, should be continued, the payments being made as heretofore by Government Agency. Similarly, the Jodi and cesses amounting to Rs. 789-2-1 payable to Government on the Matt's lands should continue to be paid by Government Agency, without any change in the present system. With these additional items, the total expenditure comes up to Rs. 6,878-8-1, leaving a balance of Rs. 1,121-7-11 out of an average income of Rs. 8,000 per annum, as per appended Statement E.

10. The Swamigalavaru is requested to select and appoint competent men on the Matt establishment in accordance with the scale now prescribed, providing therein as far as possible for the present incumbents, and to disburse their salaries regularly every month. The prescribed scale should be strictly adhered to. He is also requested to keep regular accounts of the Matt's monetary transactions, which should be open to inspection by Government Officers. A list showing the nominations made by him in accordance with the scale now sanctioned should be sent to Government for information.

11. The Swamigalu's proposal to establish a Sanskrit Patasala in connection with the Matt is appreciated by Government as an important development of modern times and they are pleased to sanction the opening of the institution as soon as possible. The amount allotted for this purpose, *viz.*, Rs. 70 per mensem, should be availed of to the extent necessary, only after the Patasala is actually opened, and should not be utilized for other purposes.

12. As regards the Guru's request that the management of the Gangadhareswara and other temples at Sivaganga, which was formerly in the hands of the Matt may be restored to him, the Government have no objection to the Swami exercising general supervision and control over the affairs of the temples, somewhat like a "Sole Dharmadarsi", and guiding the services and ritual in them. He should be shown by the temple servants all the honors due to him and his orders should be obeyed by the temple servants. The pay of the temple establishments and the allowances for Paditara, etc., may be drawn by the Swamigalu from the Treasury and disbursed by him, whenever he is at Head-quarters, but no change should be made in the scales prescribed therefor without the sanction of the Government.

13. The lands endowed to the temples and to the Matt at Sivaganga will continue under the management of the Government as heretofore, and the arrangements now in force for their administration will not be disturbed.

14. The next question raised by the Swamigalavar relates to the construction of a new building for the Matt in a healthy locality. Needful steps should be taken by the Muzrai Secretary in the matter of the selection of a suitable site and the preparation of a plan and estimate.

15. In thus granting as far as possible all the requests of the Swamigalu, the Government hope that, with the knowledge and experience acquired by him in his long tour in Northern India, the Guru will be enabled, by his example and teachings, to raise the dignity and prestige of this ancient Matt and make it a sphere of usefulness and of religious and moral education to the public. Government hope further that the Swamigalu will not incur debts on any account whatever, and they wish to be furnished with a written assurance from the Swamigalu in this behalf.

ABSTRACT TABULAR STATEMENT, PART B

OF

PROCEEDINGS OF THE GENERAL AND REVENUE DEPARTMENT FOR NOVEMBER 1904.

MATTERS OF ROUTINE.

LAND REVENUE

Serial No. of File.	Number and date of letter and contents.	References.
	FILE No. Pet. 154 of 1902-03.	
	Grant for cultivation of Survey No. 38 of the Puttenahalli village, Bangalore Taluk.	
16	From V. Subbiah of the Puttenahalli village, memorial dated 13th August 1903, addressed to H. H. the Maharaja. Complains that Survey No. 38 of the Puttenahalli village was given away without sale by the Amildar to one Pattadi Munisamappa, in contravention to the Revenue Rules and the orders of the Deputy Commissioner, and prays that the land may be ordered to be sold by public auction.	G. O. No. 1080-1—R. 335, dated 2nd August 1900, and No. R. 1140, dated 4th September 1901, and endorsement No. 1448, dated 20th June 1903.
17	To the Deputy Commissioner, Bangalore District, docket No. 378—P. F. 154-02, dated 24th September 1903. Enquires whether any upset price was recovered from Munisamappa for the land in question.	
18	From the Deputy Commissioner, Bangalore District, letter No. S. 816, dated 12th March 1904. States that no upset price was levied from Munisamappa.	
19	Statement dated 16th April 1904 of V. Subbiah. States that he would take up the land at an upset price of Rs. 50 an acre.	
20	Statement dated 16th April 1904 of Munisamappa. States that he would pay an upset price of Rs. 15 an acre for the land.	
21	Explanation dated 16th April 1904 of Mr. K. G. Shamanna, who as Amildar of the Bangalore Taluk, gave the land away. States that he gave the land to Munisamappa, as he was the first darkhastdar, and that no upset price was levied as there was no malki on the land.	
22	From the Deputy Commissioner, Bangalore District, letter No. S. 116, dated 12th August 1904. Forwards the records connected with the grant of the land.	
23	To the Revenue Commissioner, the Survey and Settlement Commissioner, the Deputy Commissioner of Bangalore and the Comptroller, Government Order No. R. 4015-18—L. R. 154-02-23, dated 10th November 1904. Points out the irregularities on the part of Mr. K. G. Shamanna in having given away the land without sale, directs that his confirmation as Extra Assistant Commissioner be deferred for a period of one year, from the date of this order, or that of his passing the examination in the Survey Department whichever is later, and orders that the planted up portion of Survey No. 38 may be allowed to remain in the possession of Munisamappa on condition of his paying therefor an upset price of Rs. 15 per acre, the unplanted portion being resumed and sold by public auction.	
	FILE No. 273 of 1903-04. *Revision of assessment on the wet lands dependent on the Rayankere tank, Mysore Taluk.*	
1	From the Survey and Settlement Commissioner in Mysore, letter No. 315, dated 20th September 1904. Reports that there has been no change in the local conditions which existed at the time the assessment was fixed, which was done taking into consideration the	G. O. No. R. 2506—10, dated 2nd Dec. 1902.

Serial No. of File.	Number and date of letter and contents.	References.
	uncertainty of the water-supply to the lands in question owing to the damaged condition of the tank, and states that the assessment may be left undisturbed, or the lands assessed as dry.	
2	To the Revenue Commissioner in Mysore, the Survey and Settlement Commissioner in Mysore and the Chief Engineer in Mysore, Government Proceedings No. R. 3850-52—L. R. 273-03-2, dated 2nd November 1904. Agrees with the Survey Commissioner that there is no necessity to revise the assessment on the lands in question or to reclass them as dry.	
	FILE No. 407 of 1903-04.	
	Issue of a commission under Section 99 of the L. R. Code to Mr. K. Shamiengar, Manager of the Kudlur village in the Channapatna Taluk, on behalf of the Vrittidars of that village.	
1	From the Revenue Commissioner in Mysore, letter No. 1491, dated 18th September 1904. Forwards in original letter No. 81, dated 24th August 1904, from the Deputy Commissioner, Bangalore, on the subject, and requests to be furnished with the previous correspondence to enable him to express an opinion on the subject.	Serial Nos. 1 to 4 of R. F. 56 of 1894.
2	To the Revenue Commissioner in Mysore, No. 1398, dated 23rd November 1903. Forwards for reference the papers relating to the case.	
3	From the Revenue Commissioner in Mysore, letter No. 2623, dated 9th September 1904. States that in view of Mr. K. Shamiengar's recent application to be declared an insolvent, it does not seem advisable to grant him the commission in respect of inam Kudlur village.	
4	To the Revenue Commissioner in Mysore, No. 4345—L. R. 407-03-4, dated 19th November 1904. Declines to grant the commission to Mr. K. Shamiengar, and requests the Revenue Commissioner to consider the expediency of taking steps under Section 165, L. R. C., with regard to the arrears due to Government.	
	FILE No. 517 of 1903-04.	
	Grant of a commission under the Land Revenue Code to Mr. H. Nanjundaraj Urs in respect of his Manya village of Alaganchi, Nanjangud Taluk.	
1	From the Revenue Commissioner in Mysore, letter No. 1498, dated 23rd February 1903. Recommends the grant of a commission to Mr. H. Nanjundaraj Urs, with respect to his two shares in the Inam village.	G. O. No. R. 3978, dated 21st April 1903.
2	To the Revenue Commissioner in Mysore, No. R. 3979, dated 21st April 1903. Enquires how the four different shares in the Inam village are distinguished, whether Nanjunda Setti, a shareholder in the village, has anything to say in the matter of granting the commission to Mr. Nanjundaraj Urs; and how the share belonging to Chikkamuni Setti was brought under Government management.	
3	From the Revenue Commissioner in Mysore, letter No. 5232, dated 4th April 1904. Forwards Mysore Deputy Commissioner's letter furnishing additional information called for in Serial No. 2.	
5	To the Revenue Commissioner in Mysore, docket No. R. 1780—L. R. 517-03-5, dated 30th August 1904. Enquires whether the partition of the village among its shareholders has been effected.	
6	From the Revenue Commissioner in Mysore, letter No. 2846, dated 4th October 1904. Forwards copy of a letter from Mr. Nanjundaraj Urs, stating that the partition of the estate was effected in the year 1891 or 1892.	
7	To the Revenue Commissioner in Mysore, Government Proceedings No. R. 4124, dated 12th November 1904. Issues a commission conferring on Mr. H. Nanjundaraj Urs, the powers contemplated in clauses (b), first part of (e) and (f) of Section 99 of the Land Revenue Code.	
	FILE No. 603 of 1903-04.	
	Promotions and confirmations of certain Amildars.	
1	From the Revenue Commissioner in Mysore, letter No. 7279, dated 18th May 1904. Forwards for favorable consideration, Mr. A. Vedantadesigam Iyengar's application for permission to draw the full pay of an Extra Assistant Commissioner of the last class, *viz.*, Rs. 250.	

Serial No. of File.	Number and date of letter and contents.	References.
2	To the Compiler, *Mysore Gazette*, Notification No. R. 3926—L. R. 603-03-2, dated 5th November 1904. Orders the following promotions and confirmations of Amildars. 1. Mr. R. Raghavendra Rao, Amildar, acting in the 1st Class, is confirmed in that class. 2. Mr. Chikballapur Krishna Rao, Amildar, is promoted from the 2nd to the 1st Class. 3. Mr. Tennur Ramachandra Rao, Amildar of the 2nd Class, will act in the 1st Class, *vice* Mr. K. Srikantaiya, Acting as Extra Assistant Commissioner. 4. Messrs. A. Vedantadesigam Iyengar, R. Mahadeva Rao, T. K. Sundararaja Iyengar and V. N. Guru Rao, Amildars, acting in the 2nd Class, are confirmed in that class. 5. Messrs. V. Krishna Rao, H. Seetharamaiya, M. FILE No. 607 of 1903-04.

Embezzlement in the Nelamangala Taluk Treasury—Defalcation in Cash.

1	From the Deputy Commissioner, Bangalore District, telegram dated 26th December 1901. Reports that heavy defalcations were found in the Nelamangala Taluk Treasury.	
2	From the same officer, letter No. D. 740, dated 27th December 1901. Reports that during the examination of the Taluk Treasury, Mr. D. M. Narasinga Rao, Assistant Commissioner, who conducted the jamabandi of the said taluk, detected a deficit of about Rs. 2,500, that steps have been taken to recover the amount from the cash security and other property of shroff Balakrishna Rao, who is responsible for the defalcation, that the shroff has been arrested and the Taluk Sheristadar and the Nagadi gumasta placed under suspension, and that Saligram Narasinga Rao, head gumasta of the Dodballapur Taluk, has been appointed temporarily as Sheristadar of the Nelamangala Taluk.	
3	To the Deputy Commissioner and the Comptroller, Government Order No. Fl. 920—21, dated 8th January 1902. Approves of the acting appointment of Saligram Narasinga Rao, and calls for the prompt submission of the detailed report promised in the matter.	
4	From the Deputy Commissioner, letter No. 795, dated 15th January 1902. Submits the *report of Mr. D. M. Narasinga Rao, Assistant Commissioner, with his Inspection Notes, giving the details of the defalcation and the manner of its detection, and states that the actual deficit is Rs. 2,853-15-2, towards which a sum of about Rs. 2,300 is likely to be realised out of the properties of the shroff and the Sheristadar.	
5	To the Deputy Commissioner, Government Order No. Fl. 1103, dated 1st February 1902. Notes with satisfaction the prompt steps taken by Mr. Narasinga Rao for the recovery of the amount embezzled, directs that the past management of the Treasury must be thoroughly investigated in order to find out the real cause of the facilities afforded for the misappropriation and the extent to which the Amildar is responsible therefor, and calls for a full report with information on certain matters of detail, showing the full extent of individual responsibility of the several officials of the taluk.

7	**From the Deputy Commissioner, letter No. D. 553, dated 24th November 1902.** **Submits the final report of Mr. D. M. Narasinga Rao, and states that Mr. V. Parthasarathy Iyengar, who failed to examine the Treasury properly and to abide by the instructions laid down in the Treasury Manual, should be held responsible for the loss.** **(Enclosures—(1) Mr. D. M. Nagasirga Rao's report, printed in extenso with the Government Order, Serial No. 10. (2) Judgment dated 10th July 1902, in Bangalore Sessions Case No. 20 of 1901 and 1902, sentencing the accused Balakrishna Rao to rigorous imprisonment for 2 years. (3) Memoranda showing the intentional omissions of transactions in the Currency Note Register. (4) Statement of Mr. V. Parthasarathy Iyengar, admitting that his inspections of the Treasury were perfunctory. (5) Statement showing the amount (Rs. 1,987-12-7) recouped towards the deficit).**	
8	**To the Revenue Commissioner, docket No. Fl. 470, dated 17th August 1903.** **Calls for his opinion in the matter of the defalcations in cash, Savings Banks Deposits and Court Fee Stamps.** **N.B.—For the last two defalcations, please see the abstracts below of File Nos. 608 and 609 of 1903-04.**	
9	**From the Revenue Commissioner, letter No. 5305, dated 31st March 1904.** **Recommends that the balance of Rs. 836-2-7 due to make up the deficit in cash and Rs. 2,500, the amount of Savings Bank defalcation, may be recovered from Mr. V. Parthasarathy Iyengar, and that the balance due towards defalcation in Court Fee Stamps, deducting the amount of security deposited by the late Taluk Sheristadar Ramiah, may be recovered from Mr. Sira Mohidin Ali, retired Amildar, in whose time the defalcation was committed; and proposes as follows regarding the punishment of the officials concerned, excluding those who are dead, or have been retired or convicted:—** **(1) Mr. Parthasarathy Iyengar will be very heavily fined if the deficit is recouped from him and no further punishment is needed in his case.** **(2) Head gumasta Sitaramiah will be retired from service.** **(3) Nagadi gumasta Venkatacheliah has been without employment for nearly three years and he will be regarded as having been under suspension during this period.**	
10	**To the Comptroller, the Deputy Commissioner, Bangalore District, the other Heads of Departments, the Deputy Commissioners of other Districts, and Mr. D. M. Narasinga Rao, Government Order No. Fl. 3018-66—L. R. 607-03-10, dated 18th November 1904.** **Establishes the liability of Mr. Parthasarathy Iyengar, arising out of his discreditable management of the Treasury and gross negligence, to make good the balance of the deficit in cash (Rs. 836-2-7) and the deficit (Rs. 2,500) in the Savings Bank Account, and that of Mr. Sira Mohidin Ali to make good the balance due towards the deficit of Rs. 1,006 in Court Fee Stamps, after crediting the security amount (Rs. 500) of the late Sheristadar Ramiah, together with the interest due on it; and directs that towards the liabilities of Mr. Parthasarathy Iyengar, which come up to Rs. 3,336-2-7, the sum of Rs. 1,216-4-4, standing to his credit on the 1st July 1902 in the Savings Bank and since withheld from him, be credited, the balance of Rs. 2,119-14-3 being recovered by monthly deductions of a moiety of his pay, and that the amount due from Mr. Sira Mohidin Ali be recovered by monthly deductions of a moiety of the pension payable to him; agrees with the Revenue Commissioner regarding the departmental punishment of Mr. Parthasarathy Iyengar, and head gumasta Seetharamiah, but considers that three years' suspension from service is not a sufficient punishment for Nagadi gumasta Venkatacheliah's gross negligence, which just falls short of criminal guilt, and orders his dismissal from service; notes with disappointment that no officer, who inspected the Treasury between 1898 and 1901, did his duty in a sufficiently searching manner so as to have detected the embezzlement at any of its earlier stages; requests the Revenue Commissioner to forward his report on the alterations, proposed by Mr. D. M. Narasinga Rao, in the Treasury procedure, through the Comptroller, so that the Government may have his views also respecting it; and records with much pleasure the appreciation of the work of Mr. Narasinga Rao in connection with the case, which but for his intelligent, prompt and energetic action from the inception to the close, would not have seen the light of day.**

	FILE No. 224 of 1903-04.	
	Increase of pay to Mr. Yello Srinivas, Sub-Assistant Superintendent, Revenue Survey.	
1	From the Survey Commissioner in Mysore, letter No. 1194, dated the 6th June 1904. Recommends the increase of Mr. Yello Srinivas' pay to Rs. 200, to take effect from 3rd July 1904, rising after 2 years' further approved service to Rs. 250, in consideration of the responsible and special character of the duties he now performs.	R. 64, dated 3rd July 1903. R. 2679-81, dated 13th Dec. 1902.
2	To the Survey and Settlement Commissioner, No. R. 796-224-2, dated 1st August 1904. Observes that, as none that was below Mr. Yello Srinivas in the list of Amildars of the 3rd class, has gone to the higher grade, the recommendation for increase of pay to him is a little premature.	
3	From the Survey Commissioner in Mysore, letter No. 159, dated the 11th August 1904. Requests a reconsideration of his recommendation which was based not on Mr. Yello Srinivas' former service, or his position relatively to his fellow Amildars, but amounted practically to the proper adjustment of the pay of the appointment to its responsibilities which had been overlooked when Mr. Srinivas was nominated to his present appointment on 3rd July 1902.	
4	To the Survey Commissioner in Mysore (Enc. 1) and the Comptroller to the Government of His Highness the Maharaja of Mysore, No. R. 4070-71—L. S. 224-03-4, dated 11th November 1904. Sanctions the increase of Rs. 25 to the pay of Mr. Yello Srinivas Rao with effect from the 1st July 1904.	
	FILE No. 546 of 1903-04.	
	Compulsory Survey Classification and Settlement of Inam villages. Subject No. 131 of the D. R. A. Proceedings of 1903.	
1	To the Revenue Commissioner in Mysore, No. R. 4157, dated 28th June 1904. Invites his attention to the representation that Survey Classification and Settlement may be made compulsory in all the Inam villages, and the reply of Government thereto to the effect that compulsory settlement without consent of all the vrittidars is out of question, and that the Deputy Commissioner will be consulted as regards any particular hardship existing in the Shimoga District.	
2	From the Revenue Commissioner in Mysore, No. 3396, dated 14th October 1904. Forwards the replies of all the Deputy Commissioners except Bangalore and Chitaldrug on the subject, and states that they are all of the opinion that there are no hardships arising from the absence of compulsory Survey and Settlement of Inam villages; and that in his own opinion no change in the existing rules and practice is called for or practicable.

3	To the Revenue Commissioner in Mysore, the Superintendent of Inam Settlements in Mysore, the Deputy Commissioner, Shimoga District, for communication to Mr S. R. Balakrishna Rao, Advocate, Representative Member and the Deputy Commissioners of other Districts, No. R. 3905-14—S. 546-03-3, dated 4th November 1904. States that it is not advisable for Government to interfere and differentiate the rights of co-sharers and settle disputes between them, where the Inamdars themselves do not apply for the introduction of such Survey and Settlement unanimously, and that, therefore, they are of opinion that no change in the existing law is required.

	Grant of copies or extracts of Asarepatrikas, Tippanis and other Survey Records to private parties. Subject No. 135 of the D. R. A. Proceedings of 1903.	
1	To the Survey and Settlement Commissioner, docket No. 4159—R., dated 28th June 1904. States that the rules at present require that copies of completed records alone should be given, and calls for his opinion as to whether any further facilities can be created in the matter of granting copies referred to above to private parties on application.	
2	From the Survey and Settlement Commissioner, letter No. 20, dated the 7th July 1904. States that the grant of copies of preliminary papers, etc., more than once resulted in the privilege being abused, and that he is not in favor of granting them to private parties.	
3	To the Revenue Commissioner in Mysore, letter No. R. 560-3-3, dated the 25th July 1904. Forwards for his opinion Serial Nos. 1 and 2.	
4	From the Revenue Commissioner in Mysore, letter No. 1016, dated the 29—30th July 1904. States that he is of the same opinion as the Survey and Settlement Commissioner.	
5	To the Survey and Settlement Commissioner in Mysore, No. R. 1542-3-5, dated 19th August 1904. Requests him to send for inspection a sample of each of the parts of the records referred to in his letter No. 20, dated 7th July 1904.	
6	From the Survey and Settlement Commissioner in Mysore, No. 242, dated 6th September 1904. (Enclosures 3). Forwards 3 specimen copies of the preliminary records referred to above and states that copies of No. 3 were never applied for at any time.	
7	To the Survey and Settlement Commissioner in Mysore, the Revenue Commissioner, in Mysore, the Deputy Commissioner, Tumkur District, for communication and to Mr. Ramanujaiengar, Representative Member, Gubbi Taluk, No. R. 3974-6—L. S. 3-04-7, dated 7th November 1904. States that Government consider that no modification of Rule 107 of the Mysore Land Revenue Rules regarding the grant of copies of the completed Survey documents, seems called for.

	Revision settlement of the Jagalur Taluk.	
1	From the Survey and Settlement Commissioner in Mysore, letter No. 882, dated 5th March 1904. Submits proposals for revising the rates of assessment in the Jagalur Taluk.	
2	To the Revenue Commissioner in Mysore, docket No. R. 2822, dated 12th March 1904. Calls for his opinion on the above.	
3	From the Revenue Commissioner in Mysore, letter No. 5243, dated 31st March 1904. Recommends that the proposals may be sanctioned, but states that in the case of the Talawarakariyanahalli village, the increase should be limited to 66 per cent.	
4	To the Survey and Settlement Commissioner in Mysore, docket No. R. 3301, dated 6th May 1904. Forwards the above letter of the Revenue Commissioner for favor of remarks, if any.	
5	From the Survey and Settlement Commissioner in Mysore, letter No. 1156, dated 21st May 1904. Concurs in the opinion of the Revenue Commissioner as regards the increase of assessment in Talawarakariyanahalli.	
6	To the Revenue Commissioner in Mysore, docket No. R. 3869, dated 8th June 1904. Calls for the papers relating to the grant of lands in Talawarakariyanahalli for cultivation.

S. 146-03-8, dated 25th November 1904. Sanctions the introduction of the revision settlement into the Jagalur Taluk, limiting the increase to 66 per cent in the case of Talawaṭakariyanahalli, with the guarantee of 30 years.	
9	Notification No. R. 4564—L. S. 146-03-9, dated 25th November 1904. Notifies that a revision settlement has been ordered to be introduced into the Jagalur Taluk, and declares that the assessments imposed under the said settlement are fixed for a period of 30 years commencing from the revenue year 1905-06. Memo Nos. 4565 and 4566—L. S. 146-03-9, dated 25th November 1904. Forwards copies of the above notification to the Survey and Settlement Commissioner and the Revenue Commissioner.	

Revision settlement of the Holalkere Taluk and a portion of the Hosadurga Taluk.

FILE No. 77 OF 1903-04.

Letter No. 1221, dated the 31st May 1904, from the Survey and Settlement Commissioner in Mysore.

Serial No. 1.

I have the honor to forward for the consideration of Government report No. 418 of the 31st March last, from the Deputy Superintendent, Mysore Revenue Survey, on the revision of the original assessment in 193 villages constituting the Holalkere Taluk and 131 villages forming part of the new Hosdurga Taluk.

2. It is quite unnecessary for me to follow the Deputy Superintendent through all the details of his proposals which, I need scarcely observe, were fully discussed between him and myself before being formulated and which therefore have my full concurrence.

3. As usual, the Deputy Commissioner was given the opportunity of making his remarks on the proposed settlement and, in his letter No. 2539 of the 13th instant, he unhesitatingly expresses his approval of both grouping and maximum rates. The Assistant Commissioner in charge of the taluks concerned, also submitted his views in a memorandum dated 31st March 1904, which will be found attached. The Deputy Commissioner adds, to the weekly markets mentioned by the Deputy Superintendent, the names of Chikjajur, Harkere Devarpur, Chitrapalli, Kotige and Jankal. Evidently the tract under report is served by an unusually large number of small markets. The Deputy Commissioner also supports the Deputy Superintendent's suggestions, at para 11 of the report, regarding the conversion of certain cart-tracks into good roads.

4. As regards the remarks and suggestions made by Mr. C. Srikanteswara Iyer, Assistant Commissioner, I have but little to say. His remarks about the formation of new cocoanut gardens, to the detriment of existing rights of irrigation, are too general to be of much use ; at the introduction of the settlement more light may be thrown upon the question he raises. As regards the alteration which he proposes, at para 28, of the grouping of villages, his proposals are not supported by the Deputy Commissioner. They are, to some extent, based upon considerations, such as the stony and unfertile nature of the soil, not entirely admissible in the operation of grouping, and to some extent upon the more admissible argument of following more closely the old grouping. The tract under report has undergone much change, especially in the matter of communications, and I think that the Deputy Superintendent, in his grouping, has gone as near as possible to the guiding principle of following the old grouping wherever possible, only departing from it when the economic advantage comprised in improved communications, notably the new Railway, distinctly called for such departure. I am not inclined to recommend any alteration in the proposed groups.

5. Mr. Srikanteswara Iyer at para 19 pays a high compliment to what he calls the humane light assessment of the previous settlement, to which he attributes and, I think, justly, the great relief to the administration in times of drought as well as the remarkable agricultural expansion which we find in this tract. This was precisely the view taken by the late Dewan, Sir K. Sheshadri Iyer, of the Chitaldrug settlements generally. The increase under the revision settlement now proposed is so moderate and so well distributed that I am sure the new rates will in no way lose their claim, so well heretofore established, to be considered very moderate.

6. With some 56,000 acres of assessed waste land, not to mention a very large extent of what, for the present, is entered as unculturable, which may hereafter be found culturable, the direction the present revision should take appears to me very clear, although the condition of the tract has been by no means stationary. Although the old assessment was designedly pitched low the call for moderation still exists and I think this will be fully attained by the adoption of the low rates and the moderate increase proposed. I do not quite agree with the Deputy Superintendent in regarding the tract now under report as typical of the Mysore plateau. The soils and characteristics are of too mixed a nature for it to be so considered.

The impression made upon me during my visit to the tract last year was of a country offering, in the extent, diversity and quality of its unoccupied lands, in its climate and in its excellent pasture, agricultural possibilities of a very high order. The numerous kavals for instance would be greedily absorbed into cultivation if available.

7. I confidently recommend the revision settlement now proposed.

Letter No. 418, dated 31st March 1904, from the Deputy Superintendent, Mysore Revenue Survey, to the Survey and Settlement Commissioner in Mysore.

I have the honor to submit proposals for the revision of the assessment of 193 Government villages of the Holalkere Taluk, and of 131 villages forming two magnis of the newly constituted taluk of Hosdurga which during the re-survey, preliminary to settlement and at the time the figures and statistics were collected, formed the sub-taluk of Hosdurga under the taluk of Holalkere. The present report therefore deals with all the villages of the Holalkere Taluk as at present constituted and with 131 villages belonging to the new Hosdurga Taluk. Revised rates of assessment have been already introduced into 55 villages (Lakkihalli hobli) of the new Hosdurga Taluk along with those of the Hiriyur Taluk (*vide* the Proceedings of Government of Mysore, No. R. 463-72, dated 11th August 1903). When the taluk of Hosdurga is taken up for revision, there will only remain 45 villages transferred from the abolished Huliyar Sub-Taluk, which belonged to the late Budihal Taluk and 11 villages transferred from the Kadur Taluk. These will be disposed of when the villages which constituted the late Budihal Taluk and the Kadur Taluk are respectively taken up for revision of assessment.

2. In 1882, the old taluk of Hosdurga was abolished and the taluk of Holalkere was then constituted with the sub-taluk of Hosdurga consisting of two magnis under it. These two magnis were retransferred to the new Hosdurga Taluk, when it was reconstituted in 1902. To show the various changes in the constitution of the taluks, and to account for 324 villages included in this report, the following has been collated:—

240 villages including 18 kavals of the old Hosdurga Taluk, reported on by Major C. J. Prescott, Acting Survey and Settlement Commissioner, in his letter No. 99, dated 3rd February 1868. Settlement approved in Secretary's letter No. 6526-51, dated 19th February 1868.

NOTE.—Of these 240 villages, 142 villages are in Holalkere Taluk and 98 villages have gone to the new taluk of Hosdurga.

23 villages out of 162 villages of the old Chitaldrug Taluk, reported on by Col. W. C. Anderson, Survey and Settlement Commissioner, in his letter No. 359, dated 15th May 1867. Settlement approved in Secretary's letter No. 1509-18, dated 14th June 1867.

NOTE.—These villages now remain in the Holalkere Taluk.

28 villages out of 49 of the old Chitaldrug Taluk, reported on by Major C. J. Prescott, Acting Survey and Settlement Commissioner, in his letter No. 354, dated 9th April 1868. Settlement approved in Secretary's letter No. 624-7, dated 30th April 1868.

NOTE.—All these villages are now in the Holalkere Taluk.

33 villages out of 91 of the Hiriyur Taluk, reported on by Major C. J Prescott, Acting Survey and Settlement Commissioner, in his letter No. 377, dated 18th April 1868. Settlement approved in Secretary's letter No. 630-8, dated 1st May 1868.

NOTE.—All these villages are in the new Hosdurga Taluk.

324

3. As the descriptive and other reports relating to the above villages connected with the original settlement, valuable and instructive as they are, have, on account of the frequent changes due to the redistribution of taluks, to be pieced together from several reports, a fresh description of the whole tract under report is submitted so that the changes and points of importance bearing on the proposed revision of assessment may be brought to your notice.

4. Two distinct and large blocks have now to be resettled :—One consisting of the whole of the Holalkere Taluk and the other, an important central and northern portion of the new Hosdurga Taluk. The two blocks together form a narrow strip of country lying on both sides of a range of hills running from south to north, the western tract being larger and more important than the eastern. There are hills in the north and there is a group on the west covered with low scrub jungle. The other portions are comparatively flat. The Holalkere Taluk is bounded on the north by the Davangere and Chitaldrug Taluks, on the east by the Chitaldrug, Hiriyur and Hosdurga Taluks, on the south by the new Hosdurga Taluk and on the west by the Channagiri Taluk. The block consisting of 131 villages of the Hosdurga Taluk is bounded on the north by the Holalkere Taluk, on the east by Lakkihaili magni of the same taluk transferred from the Hiriyur Taluk, on the south by the villages transferred from the late sub-taluk of Huliyar and on the west by the Tarikere Taluk.

5. *Physical Characteristics.*—But for the range and the groups of hills above referred to, the tract is gently undulating and comparatively flat. The desolate and arid appearance of the country is relieved by a few arecanut and cocoanut gardens and shendi groves. There are no forests of any importance though there is some scrub jungle on the hills. Though black cotton soil is found in Ramagiri and in a few villages of Holalkere hoblis, there is a preponderance of red and sandy soil; stony and other inferior soils are found side by side with red or sandy soils. Good and bad soils are in this tract very intimately interspersed. Excellent grazing ground is met within the central portion of this tract. The Holalkere Taluk as now constituted may be taken as a fair specimen of the type of a maidan taluk found on the Mysore plateau.

6. *Drainage.*—Somewhat of a water-shed from east to west runs through the central portion of the two blocks now reported on. The main nallas intersecting the northern portion discharging their surplus water ultimately into the Sulekere tank of the Channagiri Taluk, the nallas in the eastern and southern portions flowing into the Vedavati river, which flows across the extreme southern portion of the tract.

7. *Tanks.*—Except the marginally noted tanks there are few other tanks of any importance in this tract.

4. Arsinghatta.
5. Gundeti.
6. Janakal.
7. Devapur.

8. *Climate and Crops.*—The average rainfall at Holalkere and Hosdurga for 29 years (1870-95) was 25·60 and 22·47 inches respectively against 17·71 inches at Jagalur, 19·65 inches at Davangere, 24·85 at Chitaldrug and 17·37 at Challakere, the averages covering the same period. The rainfall is not equally distributed, the central portion having a greater rainfall than the northern or southern; the western more than the eastern. This tract participates in both the south-western and north-eastern monsoons, stands as good a chance of getting seasonable early May or June rains as well as the late October or November rains, as does the best part of the Chitaldrug District.

(See page 527 of Mysore Gazetter, Volume II).

9. The crops follow the soils, ragi, javari, gram and the usual miscellaneous crops being grown in the red or sandy or gravelly soils which preponderate in the taluk. The marginally noted somewhat rough adjustment of the statistics of 19 01-02 shows ragi as the staple crop, and javari next. Gram also occupies a fairly important place. Of the higher garden produce arecanut and panvel receive great attention especially under the large tanks and cocoanut trees are planted to a large extent in low-lying dry crop lands. Rice and sugar-cane

are grown in a small proportion, the facilities for their extension being wanting. Subsequent to the original settlement there has been an addition of over a 1,000 acres converted from dry to the area under cocoanut cultivation in this tract Cotton cultivation is not of much importance. Baragu, Haraka, Save, Sajje, Hesaru. Ooddu, Chilly—all contribute in fair proportions towards making up 25 per cent, shown under "other food grains including pulses."

10. *Communications.*—In 1868, at the time of the introduction of the original settlement, there existed the high road from Channagiri to Chitaldrug intersecting this tract, and the Holalkere-Huliyar road passing through Hosdurga at about right angles to the Channagiri road intersecting the central and southern portions, and the high road connecting Hosdurga to Ajjampur. Subsequent to the introduction of the original settlement, the most important addition to the means of communication was the opening of the Southern Mahratta Railway from Bangalore to Poona, which runs through this tract south to north with no less than five stations at Bidarkere or Hosdurga road, Ramagiri, Holalkere, Chik-Jajur and Sasalu, the other less important additions being (1) Bidarkere-Hosdurga Railway feeder road, (2) Hosdurga-Hiriyur road with a feeder road to the Marikanave dam, (3) Santebennur-Sasalu Railway feeder road.

11. The cart-track which connects Holalkere with the Chitaldrug-Davangere high road at Anagode, passing through Adnur, Jajur, Barmanaikandurg and Sasalu, etc., was once put in order, but subsequently neglected. The conversion of this cart-track as well as that which connects Hosdurga with Jankal and Devapur into Local Fund roads and the making of a new road connecting Matted with the Hosdurga-Huliyar road will be desirable additions to the already excellent means of communication of this tract.

12. *Markets.*—Of the weekly fairs inside the tract, held at Holalkere, Hosdurga, Bagur, Ramgiri and Barmanaikandurg, Holalkere is the most important, Hosdurga coming next, and the others being more or less confined to the surrounding villages. For the sale of surplus produce, this tract resorts, along with other parts of the Chitaldrug District, mainly to Davangere, the ever-growing and important trade centre of the Davangere Taluk, or properly speaking of the Chitaldrug District, which is in communication with the large markets of Bombay, Poona, Dharwar, Hubli of the Bombay Presidency, with the malnad centres for import of supari, and with Bellary, Madras, etc., of the Madras Presidency. The outside markets of Chitaldrug, Huliyar, Channagiri, Challakere, Marikanave (temporary fair), Tarikere, etc., are all well made use of as this tract is well equipped with common carts and good draft bullocks. Holalkere on account of its proximity to the Railway line and the central position it occupies in connecting Chitaldrug District with parts of the Shimoga District, is rising in importance in its trade relations with other markets.

13. *Objects of Re-survey.*—The objects of re-survey were fully explained in your letter No 206, dated 30th September 1902, to the Secretary, General and Revenue Departments, proposing revision of assessment in the Davangere Taluk (*vide* para 16) and I need not repeat them here.

14. *Results of Re-survey.*—Although every individual survey number was examined and every reasonable facility given for the breaking up of large sized numbers into small ones of convenient size and for the measurement of new numbers out of kharab or unassessed waste, the addition to the old survey numbers has not been great, 19,228 old survey numbers having become 20,895 new survey numbers, being an increase of 1,667. The increase might have been greater but for the inclusion of very many survey numbers of several villages in the water-spread of the Marikanave Reservoir and in the reserved forests. A good deal of alteration of boundaries of survey numbers took place although new survey numbers were not found necessary. New roads had to be measured and mapped. There was a good deal of re-measurement work on account of missing boundary marks which were very numerous and they had to be newly erected under the Re-survey Rules. The re-survey work was, on the whole, heavy.

15. *Re-classification.*—The original classification of the soil has been left quite undisturbed and has been utilised throughout. The water classification of the wet and garden lands has been newly carried out as sanctioned in Government Proceedings of 5th November 1896.

16. *Past and present Survey.*—The areas of each description of land accordin to former and present survey are given below:—

Description.	Former survey acres.	Present survey acres
Arable dry crop land	221,316	212,349
Rice or wet land...	5,250	5,495
Garden land	2,367	3,466
Unarable unassessed land	200,343	209,158
Total ...	429,276	430,468

There is only a difference of 1,192 acres in an area of 673 square miles, which i not much, representing only 0·28 or a little over $\frac{1}{4}$th of an acre per cent.

The increase in the total area tallies very nearly with the increase in wet and garden cultivation. Though several new dry survey numbers were made out of kha rab unassessed land to meet the increasing wants of the people for more lands for culti vation, the net decrease of 8,967 acres under arable dry crop is due *mainly* to th Marikanave Reservoir submerging assessed lands, which have all been entered in th present survey as unarable and partly to the reservation of assessed land overgrow with shendi and other trees as toddy groves or Forest Reserves. The increas under wet land has been only about 5 per cent. This increase may not be viewed a consrderable in a maidan dry tract like the one under report. There is very littl scope for the extension of wet cultivation. But it is gratifying to find an increas of 1,099 acres or about 50 per cent, in the garden land, mainly due to the extensio of cocoanut cultivation, which requires moderate capital and labor and yields a fair and certain return even during years of less than average rainfall. This extensio ot garden cultivation is more striking and important than in any of the adjoining taluks of Hiriyur, Davangere or Chitaldrug.

17. *Population and Resources.*—The following statement is compiled from th atistical returns made up at the time of original classification and re-survey aided by he latest Regular Census and Revenue Khaneshumari Returns:—

18. The following figures compare the estimate of the population during the time of original settlement with the numbers recorded in Census periods of 1871, 1881, 1891 and 1901, (see Gazetteer, Volume II, page 506, and Census Returns of 1901):—

	At the time of original settlement.	1871	1881	1891	1901
Holalkere including Hosdurga Sub-Taluk.	56,005	78,336	47,249	67,051	81,204

19. The recent growth of population in this tract has been most striking and remarkable. The great famine of 1876-78 fell with unusual severity upon this tract and the population went down nearly 40 per cent by 1881 against 28 per cent for the whole district. Its recuperative power between 1881 and 1891 was equally striking. The accession to its population was no less than 42 per cent against 33 per cent increase for the whole district of Chitaldrug between 1891 and 1901, there was an accession of population of 21 per cent against 20·49 for the whole district. The development of the tract has followed the growth of the population and has received no small impetus from the opening of the Southern Mahratta Railway to Poona already referred to in para 10 of this report.

20. The population per square mile for the whole tract is now 121 against 83 during the time of the original settlement and it comes to 317 per square mile of the occupied area. The addition of 64 per cent to the tiled or terraced houses subsequent to the original settlement is a source of gratification indicating the prosperity of the tract; thatched houses have increased by 32 per cent; horned cattle by 37 per cent; sheep and goats by 54 per cent; large or chekkada carts by 162 per cent and ploughs by 27 per cent. The increase in the number of carts has been great and indicates both agricultural and trading progress.

21. 615 is the number of irrigation wells now returned. As the number that existed during the time of the original settlement is not known, no comparison can be drawn. As there are in this tract only about 600 acres of garden land under well irrigation, the number of wells (615) may be considered accurate.

22. In this tract cattle of all kinds show the remarkable increase of 42 per cent against an increase of 21 per cent in Jagalur Taluk and a decrease of 20 per cent in the Davangere Taluk, and of 15 per cent in the Hiriyur Taluk.

The growing population of this tract has made good use of the excellent grazing grounds to be found in the central and other portions of this tract in increasing their cattle of all kinds, not only to meet the demand of extended cultivation for ploughing and draft bullocks but of outside markets for bullocks, sheep and goats The hilly portions of this tract are also noted for a breed of hardy bullocks much in demand and commanding good prices.

23. *Prices.*—I now come to the very difficult question of prices. From 1867 to 1881 which included the great famine years of 1876 to 1878, information is untrustworthy. Mr. D. Appu Rao, the then Deputy Superintendent, made special enquiries as to prices and, after examining the accounts of merchants from Ranebennur, Bellary, Tiptur, Bellavi and Tumkur and comparing them with the returns received from the Amildars, arrived at the very moderate conclusion that from 1881 to 1891, the price of jola had risen 24 and that of ragi 43 per cent. This estimate referred to the period ending with 1894. Since that year, there has been a marked increase, though the prices that ranged during the years 1900 and 1901 were abnormal, owing to the severe famine that affected some important parts of the Bombay Presidency; and that created a great demand for jola in the Chitaldrug District, raising the price of the article and indirectly raising the local demand for ragi with a corresponding increase in its price. I would invite attention to page 109 of the compilation of returns of retail prices of principal articles of food in Mysore for the years from 1886 to 1901 by the Director of Statistics, where the variations in the annual averages, the prices for 1886 being taken to be equal to 100 are shown in a tabular form. From 1890 the year of through railway connection between Mysore and Bombay, there was a rise in the averages without their falling back to the 100 level of 1886. Though there is no prospect of the high figures of 1900 or 1901 being maintained permanently, there is no doubt that a level far higher than that which helped to determine the settlement of 1867 will be kept up in the future.

24. *Sales and Mortgages.*—Appendix A gives a few selections from 161 cases of sales of land and of 284 cases of mortgages. The average of the large number of cases examined is in the case of mortgages 22½ times the survey assessment and in the case of sales 16½ times the survey assessment, showing that the negotiable value of land has risen.

25. *Past Revenue History.*—Appendix B gives the Revenue History of the 324 villages under report for 34 years of the present settlement. An abstract is given below:—

Year.	Government occupied land.	Government assessed unoccupied land.	Collections on Government land.	Remissions.	Remarks.
1869-1872 ..	1,25,867	97,004	89,820	150	4 years' average.
1873-1882 ...	1,07,858	1,18,950	78,072	16,138	10 years' average.
1883-1892 ..	1,10,286	1,18,576	83,682	120	Do
1893-1902 ...	1,54,815	75,377	1,14,279	94	Do
1901-1902 ...	1,68,446	58,805	1,26,249	.....	1 year in abstract.

26. Owing to the frequent and confusing changes in connection with the redistribution of taluks, it is not feasible to give the exact amount of actual collections of the 324 villages under report, prior to the original settlement which was introduced into this tract no less than on five different occasions. It is sufficient to refer to the various settlement papers quoted in para 2 and to state that the original survey settlement amounted to little more than a redistribution on a scientific basis of the old assessment.

27. During the decennium of 1873 to 1882, the tract suffered severely from the effects of the great famine of 1876-77 and its loss of population was abnormal as it amounted to no less than 40 per cent which was far in excess of the average of the district. It is a matter for gratification that the loss of revenue owing to diminished cultivation did not in any way correspond with the 40 per cent loss of population as the area under occupation decreased only by 14 per cent with a corresponding loss of revenue of 13 per cent. The remissions during this period amounted to Rs. 16,138. During the decennium of 1883 to 1892, the population increased by nearly 42 per cent. Owing to the unfavorable season of 1892, and of a year or two previous to that, the average increase under occupied area or under land revenue, did not keep pace with the increase of population. But there was a very striking and remarkable change for the better during the decennium of 1893 to 1902. Though the population only increased by 21 per cent against 42 of the previous decade, the area under cultivation increased by 40 per cent and the revenue by 37 per cent, the figures for the last year of the decennium being the highest, area exceeding the average for the previous period of 10 years by 9 per cent and Revenue collections by 10 per cent. This remarkable agricultural expansion can be mainly attributed to the great influence of the Southern Mahratta Railway, which passes through this tract and, to some extent, to the abnormal prices of the chief food grains, jola and ragi, which ruled in this tract in 1900 and 1901, owing to the severe famine which raged in parts of the Bombay Presidency and which stimulated the free and ready export of jola at famine prices. This tract along with others adjoining, reaped the full benefit of the famine prices that ruled in the adjoining districts of the Bombay Presidency.

28. *Grouping of Villages.*—I may now proceed to the immediate question of the revision of the assessment. The old grouping was based upon considerations of climate as well as facilities of communications with markets, etc., as then existing.

29. As the railway and the new roads referred to in para 10 of this report, made subsequent to the original settlement, have altered, to a great extent, the old order of things, I propose the following groups and submit a brief description of each, which will be found clearly shown on the accompanying map.

Group (I) 159 villages comprising the magnis of Holalkere, Ramagiri, Baramanaikandurg and the most important portion of the Talya and Hosdurga magnis where the climate is the best, with the greatest facilities for markets, and with population of more than average density for the whole tract. For these I propose a maximum dry crop rate of Rs. 2.

NOTE.—In the original settlement, 110 villages inclusive of 14 kavals had a maximum dry crop rate of Rs. 1-12-0 and the remaining 48 villages of Rs. 1-8-0 and one village at Rs. 1-4-0.

(II) 114 villages comprising the Bagur magni, some villages of the Talya and Hosdurga magnis and 23 villages of the old Chitaldrug Taluk, situated to the north of the Provincial road connecting Channagiri, Holalkere and Chitaldrug. These villages occupy a position slightly less important than that of the villages of the 1st group either with regard to climate or facilities for markets, or both. For these I propose a maximum dry crop rate of Rs. 1-12-0.

NOTE.—In the original settlement 92 villages had a maximum dry crop rate of Rs. 1-8-0 and 22 villages of Rs. 1-4-0.

(III) 51 villages, 18 of the Talya magni of the old Chitaldrug Taluk, and 33 villages of the old Hiriyur Taluk, forming the southern portion of Hosdurga magni, farther from markets and with less favorable climate than the villages of the 2nd group. For these, I propose a maximum dry crop rate of Rs. 1-4-0.

NOTE.—In the original settlement, these villages had a maximum dry crop rate of Re. 1-0-0 with the exception of 5 villages which had a maximum rate of 12 annas.

30. *Wet maximum.*—For wet or rice, I propose a uniform maximum rate of Rs. 6-8-0 for all the villages against maximum rates varying from Rs. 6 to 5 in the original settlement. The moderate increase to the existing maximum is not considerable and does not call for any special remarks.

31. *Garden maximum.*—I propose a maximum rate of Rs. 8 for the tank gardens which is little more than a very ordinary wet maximum, and has been very occasionally reached in the very best gardens. Well gardens have had their assessment revised on the liberal lines of the Rules of 24th January 1902, and for these, there is no need for prescribing a maximum.

32. *Comparison of revised rates with adjoining Taluks.*—In the adjoining group of Davangere to the north, the maximum revised rates sanctioned were Rs. 1-14-0 for dry and Rs. 6-8-0 for wet lands, against Rs. 2 and Rs. 6-8-0 now proposed for this tract, of Hiriyur Taluk to the east, the maximum revised rates sanctioned were Rs. 1-4-0 for dry and Rs. 6-0-0 for wet against Rs. 1-4-0 for dry and Rs. 6-8-0 for wet now proposed. The difference is very slight and calls for no remarks.

33. *Results of proposed rates.*—The results to be expected from the adoption of the proposed rates are as below:—

Description of Government occupied land.	By former settlement.			By revision settlement.		
	Acres.	Assessment.	Average rate.	Acres.	Assessment.	Average rate.
		Rs.	Rs. a. p.		Rs.	Rs. a. p.
Dry	161,687	87,943	0 8 8	155,754	1,07,957	0 11 0
Wet	4,822	11,989	2 7 9	4,850	14,251	2 15 0
Garden	2,137	11,202	5 3 10	3,386	9,603	2 13 5
Miscellaneous	...	891	...	...	...	...
Total ...	168,446	1,11,425	0 10 7	164,990	1,30,914	0 12 9

34. The new rates proposed, working out an increase of only about 18 per cent, are well within the enhancement limit of 33 per cent prescribed for Bombay and adopted in Mysore, and may appear rather low for a taluk which has so greatly grown in population and resources, and has at the same time very great facilities for disposing of their surplus produce. But when it is remembered that the great famine of 1877-78 committed the greatest havoc in this tract, that it has only recovered from its agricultural losses during the last 10 or 12 years and shown a perceptible widening of its margin of cultivation, a liberal policy adopted for this tract will err on the right side. The favorable rates now proposed may give a further impetus to agricultural expansion for which there is very great scope in this tract, for there is no less than 56,210 acres of assessed unoccupied land available for cultivation.

35. *Garden assessment.*—The loss from applying the Rules of 24th January 1902 to gardens is Rs. 1,599, representing a reduction of garden assessment of about 14 per cent. The following analysis in abstract of all gardens including Inam may be interesting:—

Description.	Acres.	Revised assessment.	Average rate. Rs. a. p.
1. Gardens under tanks	1,323	7,261	5 7 10
2. Do wells dependent on tanks	17	43	2 8 6
3. Do do self dependent recorded at previous settlement.	355	671	1 14 3
4. Do so recorded at previous settlement but water in wells failed	206	206	1 0 0
5. Do formed under wells newly sunk since original settlement.	195	193	0 15 10
6. Old dry cocoanut gardens ..	367	629	1 11 5
7. New dry cocoanut gardens ...	1,015	857	0 13 6
Total ...	3,478	9,860	2 13 4

36. Some observations about the incidence of the garden assessment may not be out of place. The average rate of gardens of all descriptions under present occupation comes to Rs. 5-4-0, as per original settlement, whereas the average as per proposed rates, is only Rs. 2-13-4. Where there is no tank water, the raiyats are allowed to enjoy the full benefits of their industry or capital, paying only a light assessment, the incidence of which is nearly the same as in the case of their dry crop neighbours. Such favorable rates will lead, at no distant period, to the expansion of well and dry cocoanut gardens. The principles of revised garden assessment are fully dealt with in paras 39, 40, 41, 42, 43 and 44 of your letter No. 206, dated 30th September 1902—upon the proposed revision of assessment of the Davangere Taluk; and I need not repeat them here.

37. The proposed revision affects the three groups as shown below:—

Government	Number of villages	Maximum dry crop rate	Former settlement		Revision settlement						Increase of assessment per cent occupied lands
			Government occupied land		Government occupied land		Government assessed waste		Total		
			Acres	Assessment	Acres	Assessment	Acres	Assessment	Acres	Assessment	
1	2	3	4	5	6	7	8	9	10	11	12
I ...	159	2 0 0	93,930	71,008	92,499	82,957	24,901	17,506	1,17,291	1,00,553	17
II ...	114	1 12 0	55,052	32,283	54,319	39,607	21,310	10,553	75,668	50,160	23
III ...	51	1 4 0	20,264	7,243	17,151	8,350	9,990	3,654	27,141	12,004	15
Miscellaneous ...	...	...	..	891	...	...	...	...	...	...	—
...	324	...	168,446	1,11,425	163,990	1,30,914	56,210	31,803	220,200	1,62,717	18

38. The increase has worked out precisely as the altered and improved circumstances of each group demand, and is well within the enhancement limit of 33 per cent sanctioned lately by Government.

39. There are only four villages noted as per margin, which have exceeded the limit of 66 per cent. The increase in the first two villages is due to conversion of dry into rice land. The increase in the other two villages is due to some of the kharab lands that had been granted for cultivation subsequent to original settlement having been classified in field for the first time. These lands had not been classed at the original settlement. The increase in all the other villages is well within 66 per cent. Any excessive increase on individual holdings will be duly enquired into and adjusted when the settlement papers are ready.

1 Ganjagere.
2 Virapur.
3 Gundikere.
4 Oolavangundi.

40. Local Fund and Irrigation cess will be a separate levy as may be provided by law. Being proportionate amounts, no calculation of results is here necessary.

41. In addition to the appendices submitted, a map of the tract on the scale of two miles to an inch showing the new grouping of villages is attached.

42. In conclusion, it only remains to request you to be kind enough to obtain the sanction of Government to the settlement above proposed for 30 years, if it meets with your approval. The settlement will take effect in the year following that in which it will be announced.

Revision settlement of the Holalkere Taluk and a portion of the Hosadurga Taluk

Letter No. 1001-2, dated 9th April 1904, from the Survey and Settlement Commissioner in Mysore, to the Deputy Commissioner, Chitaldrug District.

I have the honor to forward for your perusal and expression of opinion, copy of a report on the proposed revision of the assessment of the Holalkere Taluk of your district by Mr. D. Shama Rao, Deputy Superintendent, Revenue Survey.

2. The report will speak of itself and I will not therefore follow Mr. Shama Rao through all the details he enters into. I will only remark that the rates were fully discussed between him and myself and naturally they have my approval.

3. The chief points are that the old grouping of villages has been followed as far as changed circumstances permit and that a very moderate increase of assessment has been proposed in recognition of the fact that although the taluk showed remarkable recuperative power under favorable conditions, it suffered above the average when visited by famine.

4. I shall feel greatly obliged by your favoring me with your opinion as early as you conveniently can.

Letter No. 2536, dated 13th May 1904, from the Deputy Commissioner, Chitaldrug District, to the Survey and Settlement Commissioner in Mysore.

I have the honor to acknowledge the receipt of your letter No. 1001 of the 9th ultimo, forwarding for an expression of my opinion, copy of report by Mr D. Shama Rao, Deputy Superintendent, Revenue Survey, on the proposed revision of assessment of the Holalkere Taluk including the two hoblis of Hosdurga and Bagur of the newly constituted Hosdurga Taluk.

2. I deemed it desirable to forward the above papers to Mr. C. Srikanteswara Iyer, Assistant Commissioner in charge of those Taluks, for an expression of his opinion. The memo containing his views on the subject was received in this office on the 21st ultimo and I much regret the subsequent delay in replying to your reference owing to my absence on leave necessitated by my ill-health. I returned to duty this forenoon and hasten to submit the following remarks.

3. I have carefully perused Mr. Shama Rao's report and have had the advantage of close personal observation of the condition of the Holalkere Taluk during the jamabandi of that taluk which I had taken up this year. I did the jamabandi of the newly constituted Hosdurga Taluk last year and have since visited the taluk more than once. With the Knowledge thus gained, I have no hesitation in recommending the adoption of the grouping of the villages and the maximum rates proposed by Mr. D. Shama Rao with your approval. Apart from the general development of the resources of the tract under reference since the original settlement, the opening of the Bangalore-Harihar Railway has specially contributed to enhance the facilities of traffic and besides the markets referred to in Mr. Shama Rao's report, weekly santes are being held at Chickjajur, Horakere Devarpur, Chitrahalli, Kotige (Majare to Narayanagondanahalli) and Jankal. Having in view these and other advantages of the tract in question, it can, in my opinion, well bear the proposed moderate increase of assessment without any hardship.

4. Copy of Mr. Srikanteswara Iyer's memo is attached for your information. He recommends the reduction of the maximum rates in respect of certain villages in the several groups. But no modification in Mr. Shama Rao's proposal seems called for, as he has fully considered the cases of these villages and the reasons given by him for the rates proposed appear sound.

5. The conversion of the marginally noted cart-tracts into good roads as proposed by the Deputy Superintendent would be very desirable improvements in the existing means of communication.

3. Mathod-Hosdurga.

Land Survey, dated 14th November 1904.

Revision settlement of the Holalkere Taluk and a portion of the Hosadurga Taluk.

REVISION OF ASSESSMENT OF HOLALKERE TALUK.

Deputy Superintendent's Report dated 31st March 1904.

Para 4.—The words " *gently undulating and* " between ' are ' and ' comparatively, would seem to be more accurate.

Para 10.—The Railway is the " Mysore-Harihar State Railway " and it is also the phrascology used in State documents ; and in an important Land Record like this, the passage would run " Mysore-Harihar State Railway connecting with the Southern Mahratta Railway on to Poona. "

The words " the western tract of " might perhaps be inserted between ' through and ' this. '

Para 11.—The Anagod-Holalkere and Hosdurga-Jankal-Devapur cart-tracks are much resorted to and there have been constant representations to put them in order. A portion of the 1st track, up to Kodaganur, has already been restored and a' considerable sum has been spent on the latter track and both will have to be brought up to standard as early as practicable owing to their importance. Mathod-Hosdurga-Huliyar road will no doubt be an useful feeder.

Para 16.—The remark as to the increase in total area (1,192 acres) very nearly tallying with the increase in wet and garden cultivation (1,344 acres), taken with what follows as to the decrease in the arable dry crop land being *mainly due* to the submersion under Marikanave Reservoir, might lead to a presumption that it was the newly assessed kharab that contributed to the increase in the wet and garden lands ; whereas it is the dry crop land that has been converted to wet and garden, the newly assessed kharab contributing to replenish the corresponding loss in the dry crop land.

Cocoanut Cultivation.—In some tracts, notably in Hosdurga Taluk adjoining Chiknayakanhalli Taluk, several good gardens have sprung up, not solely by investment of capital or labour but largely owing to a few fairly well-to-do or influential persons unauthorizedly bunding up natural streams and nallas and diverting or retaining water and thereby preventing its flow to the tanks, some of which have almost been ruined to the great detriment of a larger body of poorer raiyats depending on such tanks. Whether such unauthorized obstructions of the few should be allowed to continue in the interests of such gardens, and the tanks abandoned and assessment abolished or lightened, or the latter maintained for the benefit of the general weal, we shall soon have to tackle and institute measures for their restoration or otherwise.

Para 19.—The words " Mysore-Harihar State Railway which joins the " might be inserted between ' the ' and ' Southern Mahratta ', and the word ' as ' between ' Poona ' and ' already '.

Para 27.—The tract under consideration, is not only more susceptible to the vicissitudes of seasons than any other adjoining tracts but owing to the peculiar climatic and other natural conditions, recuperation from struggles is also slower and more gradual than elsewhere, and so agricultural prosperity does not rapidly keep pace with increase of population. Consequently, it is the humane light assessment of the previous settlement that has been of such great relief to the Administration, in times of drought in these parts ; and " the remarkable Agricultural Expansion " is also very largely due to the same cause, under favorable circumstances and improved means of communication which has considerably stimulated such growth.

The words ' Southern Mahratta—' *vide* para 10 *supra*.

Para 28.—The maximum dry crop rates of Rs. 2 for 110 villages of the first group, Rs. 1-12-0 for 92 villages of the second group, and Rs. 1-4-0 for 97 villages of the third group are very fair indeed ; and from what I have been gathering from the raiyats during my tours, it is gratifying to note that a four-anna addition to the existing rates has worked out very satisfactorily.

As regards the grouping of a few villages.

The extreme north as well as the eastern and hilly portions of the first group not being very dissimilar to the adjoining groups of Davangere and Hiriyur Taluks respectively, and the said eastern tract not enjoying any more marked facilities for communication or markets since the last settlement than the rest, and taking also into consideration the more stony and comparatively less fertile nature of the soil, such of the 49 villages as had been assessed at Rs. 1-8-0 and less might either be fairly classed with the second group or their individual rates worked out not to exceed Rs. 1-12-0 or Rs. 1-14-0 the most; corresponding lower grouping or a maximum not exceeding Rs. 1-8-0 being adopted, for similar reasons, for the less favoured 22 villages of the second group, with a maximum not exceeding a rupee for the 5 villages of the third group. The proposed maximum dry rates, though fair for other villages, would seem comparatively high for these villages that had received exceptional treatment at the last settlement.

The loss of revenue by such regrouping or working down to a lower scale cannot be material and might perhaps be somewhat compensated by having recourse to slight increases on individual *Tank* gardens which can better bear them.

Para 34.—This tract being so very susceptible to changes and slow to recoup as mentioned in para 27 *supra*, the more favorable the rates are the greater will be the eventual progress and agricultural expansion and less the anxiety or loss during or following unfavorable seasons; liberality here, therefore, more than elsewhere, is a necessity.

Davangere,

Asst. Commissioner, Davangere.

To the Revenue Commissioner in Mysore, docket No. R. 4061, dated 21st June 1904.

Serial No 2.

Has the honor to forward herewith for favour of his opinion letter No. 1221, dated the 31st May 1904, from the Survey and Settlement Commissioner in Mysore, together with its enclosures, regarding the Revision settlement of the Holalkere Taluk and two magnis of the Hosdurga Taluk.

Letter No. 1541, dated the 13th August 1904, from the Revenue Commissioner in Mysore.

Serial No. 3.

Adverting to your docket No. 4061, dated 21st June last, forwarding for my opinion letter No. 1221, dated 31st May 1904, from the Survey and Settlement Commissioner in Mysore, together with its enclosures, regarding the Revision settlement of the Holalkere Taluk and 2 magnis of the Hosdurga Taluk, I have the honor to return the said papers, and to submit as follows:—

2. The tract of country under notice is exceedingly interesting from an economical point of view, and the main features have been well brought out in the Revenue Survey Deputy Superintendent's letter No. 418, dated 31st March last. The proposed grouping of the villages and the maximum rates adopted, appear to me to be, on the whole, moderate and satisfactory, and such as may well be sanctioned by Government subject to the adjustments contained in para 39 of the Deputy Superintendent's letter.

3 Adverting to the observations which the Assistant Commissioner Mr. Srikanteswara Iyer makes under the head "cocoanut gardens," I may state that the facts therein disclosed, do not alarm or distress me, knowing as I do the exaggerated notions that prevail in some quarters, of the right of every tank to receive every drop of water which may fall on its catchment area, notions which received their correction in the famous order of His Highness the late Maharaja's Government, dated Camp Naikenhatti, 1st January 1892, which was joyously welcomed by the people as a whole. Every acre of cocoanut garden which may spring up under the protection afforded by that order, is an acre added to areas protected against famine.

Land Survey, dated 14th November 1904.

Revision settlement of the Holalkere Taluk and a portion of the Hosadurga Taluk.

4. It does not appear from the papers herewith returned that the proposed grouping of villages and maximum rates have as yet been notified. But it is doubtful that criticisms which may be received upon such bare notification will have much practical value.

To the Revenue Commissioner in Mysore, the Survey and Settlement Commissioner in Mysore, the Deputy Commissioner of the Chitaldrug District and the Deputy Commissioners of other Districts, No. 4159-68—L. S. 77-03-4, dated 14th November 1904.

Serial No. 4.

The proposals for the revision of assessment, made by the Survey and Settlement Commissioner, are in respect of the 193 villages comprising the Holalkere Taluk as at present constituted, and a portion, containing 131 villages, forming two magnis of the newly constituted Hosdurga Taluk. The tract under consideration is, as observed by the Revenue Commissioner, interesting from an economic point of view. It has a fair supply of rainfall. Its soil presents great variety and compares in fertility very favorably with the rest of the Chitaldrug District, of which it forms a part. It was one of the tracts most affected by the dreadful famine of 1876-1878, but its great natural capacity and recuperative powers are shown by the ease with which it has shaken off the baneful effects of the famine and entered upon a course of prosperity, even more marked than that of the other parts of the district. Its population, which was reduced by nearly 40 per cent during the famine, now numbers 81,204 as against 56,005 at the time of the original settlement and 47,749, in the decade immediately following the famine, the increase being 9 per cent higher than that for the whole district during that period.

2. There has been a corresponding agricultural expansion also. The area under cultivation has increased by 40 per cent and the revenue by 37 per cent and there is considerable scope for further agricultural development. There are still 56,000 acres of assessed waste land and there are, as pointed out by the Survey Commissioner, other areas also available for cultivation whenever the growing needs of the community require them. The increase in the number of irrigation wells and the additional area (1,099 acres) brought under garden cultivation are all signs of increased enterprise on the part of the agricultural classes and of a desire to move out of the old grooves and turn the capabilities of the soil to better account.

3. Other forms of material wealth have shown similar progress. There has been a striking increase of 42 per cent in the number of cattle of all kinds in the tract, and a thriving trade in cattle is also said to be carried on. The number of carts has increased by 162 per cent and the dwelling houses show a considerable improvement not only in number but also in the quality of the materials employed and in the mode of construction.

4. Since the introduction of the 1st settlement, many improvements have also been made in the means of communication, the most important of these being the opening of the State Railway, the facilities for trade having been thereby considerably improved. Considerable export trade is said to be carried on with the adjacent British Territory through Davangere. The effect of all this is perceptible in the very great rise in prices, which the principal commodities grown in the tract have shown since the last settlement. In the absence of accurate figures, it cannot be stated with definiteness what the rise has been since 1881. In the period between 1881 and 1894, the prices of jola and ragi, the staple products, are said to have risen respectively 24 and 48 per cent. There has been a further increase during the last decade, though the rise during the last three years has been somewhat abnormal and is unlikely to be sustained. Still the figures are sufficiently remarkable and indicate a corresponding increase in the profits which the operation of purely economic causes has brought about in agriculture.

There are thus ample reasons to warrant the revision of the rates of assessment fixed at the first settlement, the period of whose currency has expired.

5. There has been an increase of only 1,667 in the total number of survey numbers, 19,228 old survey numbers having become 20,895 new survey numbers. But the increase is greater than what it at first sight appears to be, as a large area comprising nearly 8,967 acres is included within the waterspread of the Markanave Reservoir, which originally consisted of several survey numbers to be excluded.

6. The tract in question was very liberally treated during the original settlement. The proposals now made are equally liberal, the increase being only 18 per cent. The original soil classification has been left undisturbed, as in the case of all the other taluks of the district brought under revision hitherto. Some alteration has been rendered necessary in the grouping of villages owing to changes in local conditions, chiefly due to the construction of the railway.

7. The following table shows the result to be expected from the adoption of the proposed rates. It also shows how the old and new rates compare:—

Description of Government occupied land.	By former settlement.			By revision settlement.		
	Acres.	Assessment.	Average rate.	Acres.	Assessment.	Average rate.
Dry	161,487	87,343	0 8 8	155,754	107,057	0 11 0
Wet	4,822	11,989	2 7 9	4,850	14,254	2 15 0
Garden	2,137	11,203	5 3 10	3,386	9,603	2 13 5
Miscellaneous	.	891		...	...	...
Total ...	168,446	111,425	0 10 7	163,990	130,914	0 12 9

The noteworthy decrease in the average garden rate is chiefly due to the large increase in the area under garden cultivation brought about by the conversion of dry lands into garden since the last settlement, on which only dry rates have been levied where no water from any Government work of irrigation has been used for the purpose. Government believe that the construction of Saguvali kattes will be beneficial only so long as they are intended merely to intercept the surface drainage of the holdings concerned and thereby render water, which would have been otherwise wasted, available for fertilizing the land and generally helping cultivation and may therefore be encouraged to that extent. But where this tendency is carried too far by indiscriminately damming up streams and drawing off from defined channels water for which already a use existed, it is likely to be a source of great mischief and loss to vested interests. Such unauthorised acts should certainly be prevented. In this connection Government note with satisfaction the large number of irrigation wells in the area under consideration, which possess inherent advantages for purposes of cultivation. These wells may with advantage be noted on village maps. Separate orders have been issued on the subject. (*Vide* Government Order No. R. 3065-75—L. S. 49-03-13, dated 3rd October 1904.)

8. The proposed revision resulting in an increase far below the recognized limits of enhancement, may seem to involve an actual sacrifice of some of the advantages, which Government have a right to appropriate, especially when they are not due to the efforts of the land owners themselves. But the tract in question has just recovered from the effects of one of the most terrible famines that devastated any country and the completeness and the rapidity with which it has recovered from them have been rightly attributed to the lightness with which the assessment fixed at the last settlement fell upon the land owners. Government believe that if the same liberal treatment is continued, it will give rise to results even more remarkable than in the past and ensure to the tract a future of continuous prosperity by enabling it to develop its resources better and provide a means within itself of protection against the results of bad seasons and other adverse causes.

9. Government are accordingly pleased to sanction the introduction of the revised rates with the usual guarantee of thirty years. The revised rates will be

announced during the ensuing cold season and will take effect from the year 1905-06. A notification to this effect will be published in the Gazette.

10. The increase of more than 66 per cent in the villages of Ganjagere, Virapur, Gundigere and Oolavangundi has been explained in para 39 of the Deputy Superintendent's report as being due to conversion of dry into rice lands, and to some kharab lands that had been granted for cultivation subsequent to the original settlement, having been classified for the first time.

11. The conversion into good roads of the three existing cart-tracks, *viz.*, Anagod-Holalkere, Hosdurga-Jankal and Mathod-Hosdurga, appears to be desirable. The Deputy Commissioner is requested to take the necessary action in this matter.

Notification No. R. 4169—L. S. 77-03-5, dated 14th November 1904.

Serial No. 5.

The introduction of a revision survey settlement having been sanctioned under the provisions of the Land Revenue Code of 1888, into the of the Chitaldurg following villages of the Holalkere Taluk and of two Magnis of the Hosadurga Taluk, District, it is hereby notified for general information that, in exercise of the powers conferred by Section 112 of the Mysore Land Revenue Code of 1888, the Government of His Highness the Maharaja of Mysore are pleased to declare that the assessments to be imposed under the said settlement are fixed for a period of thirty years, commencing with the Revenue year 1905-06 and ending with the Revenue year 1934-35.

See Survey Commissioner Report for the list villages.

	Forwards a copy of the above and calls for a sketch showing all the three sites on which the sandal-koti was proposed to be built.	
4	From the Conservator of Forests, No. C. 9, dated 15th October 1904.	
	Forwards Kadur Deputy Commissioner's letter No. 137, dated 11th October 1904, stating that the site near the Roman Catholic Church, selected by the Conservator is most suited for the construction of the koti and is preferable to one near the lock-up, that the site on which the present building stands is not suited for the purpose and that the noise inside the koti building would be very little and is not likely to interfere with the Divine Service in the chapel.	
5	To the Conservator of Forests and Deputy Commissioner, Kadur District, Proceedings No. R. 4297-8, dated 17th November 1904.	
	Approves of the site selected by the Conservator for the construction of the sandal koti at Chikmagalur.	
	FILE No. 93 of 1904-05.	
	Severity of punishment under the new Forest Regulation—D. R. A. Subject No. 95 of 1903.	
1	From the Conservator of Forests, No. 1490, dated 22nd August 1904.	
	Submits a statement containing the opinions of the District Forest Officers on Representative Assembly Subject of 1903 and states that he is of opinion that the punishments prescribed under the new Forest Regulation are not more severe than those prescribed under the British India Forest Act, that timber required for agricultural purposes can be granted free from unclassified trees and that matti may be transferred from the reserved list to the first class of classified trees.	
2	To the Conservator of Forests and Deputy Commissioner, Shimoga District, Proceedings No. R. 4139-40, dated 22nd November 1904.	Govt. Notification No. 240, dated 31-3-86. (2) Memo No. G. 6487, dated 25-6-04.
	Records the above, and requests the Deputy Commissioner to communicate to the member concerned of the fact that timber required for agricultural purposes can be granted free from unclassified trees.

	Sale of dried trees in occupied Kans by Government—Subject No. 96 of the D. R. A. Proceedings of 1903.	
1	From the Conservator of Forests, No. 1490, dated 22nd August 1904. Submits a statement containing the opinions of the District Forest Officers on the subject under reference, and states that the kanholder has no right to any timber either dead or alive or whether reserved or unreserved and that he has no reason to complain about the restrictions imposed by the Forest Rules, as most liberal concessions have been made to him under the Raiyats' Privileges Rules.	Notification No. 1492, dated 25th Nov. 1885.
2	To the Conservator of Forests and Deputy Commissioners of Districts, Proceedings No. R. 4441-49, dated 22nd November 1904. Directs that a further concession be granted to the kanholder, *viz.*, permission to take for *bona fide* domestic purposes free of payment, under a permit from the local authorities, dead wood of the unreserved and unclassified kinds from kans and that this concession be also allowed to raiyats in the Malnad.

	Transfer of trees in the reserved list to the classified list—Dasara Subject No. 97 of 1903.	Notification Nos. 240, dated 31-3-86, 245—1300, dated 2-10-01 & 690—676S, dated 4-5-03.
1	From the Conservator of Forests, No. 1490, dated 22nd August 1904. Submits a statement containing the opinions of the District Forest Officers of Districts on the subject under reference and states that he would not recommend any curtailment of the number of reserved trees, that jambe and jalari are most valuable trees and are in great demand in the market and that the requirements of the raiyats can be met from classified and unclassified trees.	
2	To the Conservator of Forests and Deputy Commissioners of Districts, Proceedings No. R. 4430-38, dated 22nd November 1904. Directs that the karimatti and bilimatti be removed from the list of the reserved trees and transferred to the list of the classified trees of the first class. Government Notification No. R. 4439, dated 22nd November 1904. Notifies the above.

	Sowing of sandal seeds in hulbanni lands—Dasara Subject No. 103 of 1903.	
1	From the Conservator of Forests, No. 1490, dated 22nd August 1904. Submits a statement containing the opinions of the District Forest Officers on the subject and states that general instructions have been issued to Amildars to encourage the growth of sandal in village lands, that only in one case was an assessed waste or gomal land utilised for the purpose, that the shekdar who did so was told not to do so, and that if sowing of sandal seeds is made under bushes and shrubs, it will not interfere with the grazing at all.	
2	To the Conservator of Forests, Deputy Commissioner, Mysore and Deputy Commissioners of other Districts, No. R. 4445-53, dated 14th November 1904. Records the above and states that Government consider that free gomal lands should be altogether excluded and that assessed waste lands should be sparingly utilized for sowing sandal seeds.

Free grant of dead or decaying Bagani trees to Malnad raiyats for making Agricultural Implements.

FILE No. 17 of 1904-05.

Docket No. R. 407, dated 21st July 1904, to the Conservator of Forests in Mysore.

Has the honor to communicate the marginal representation and the reply thereto and to request that proposals to amend the rules to the extent necessary may be submitted before the end of September next. **Serial No. 1.**

Subject No. 222 of the D. R. A Proceedings of 1903.—Bagani trees which are dead or decaying may be granted free to Malnad raiyats on permits issued by the patel, for making agricultural implements, as they are well suited for the purpose.

Reply of Government—There seems no objection. The rules will be amended to the extent necessary and proposals called for from the Conservator.

By Order

B. K. VENKATA VARADA IYENGAR,
Offg. Secy. to Govt., Gen. & Rev. Dept.

Letter No. 1492, enclosure 1, dated Bangalore, 22nd August 1904, from M. MUTHANNAH, Esq., B. B., Conservator of Forests in Mysore, to B. K. VENKATA VARADA IYENGAR, Esq., Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Department.

With reference to your docket No. 407, dated the 21st July 1904, regarding Subject No. 222 in the Dasara Proceedings of 1903, I have the honor to forward herewith for information of Government, a statement embodying the opinions of such of the District Forest Officers and the Deputy Commissioners as have furnished them together with my own opinion on the matter. **Serial No. 2**

Subject No. 222 in the Dasara Proceedings of 1903.

Dasara Subject.		Opinions of the District Forest Officer or the Deputy Commissioner.	Opinion of the Conservator of Forests in Mysore.
No.	Subject.		
222	Free grant of dead bagani trees for agricultural implements.	(1) The District Forest Officer, Kadur, states that dead bagani trees may be granted free to Malnad raiyats for agricultural implements on permits issued by Excise Inspectors and this safeguard is necessary to prevent abuse of cutting green trees under guise of dead or decaying ones. (2) The District Forest Officer, Hassan, states that decaying bagani trees may be granted free to Malnad raiyats inasmuch as they are of no use for timber purposes. But some responsible officer should certify as to the state of the trees before being allowed to be cut and removed by the raiyats. (3) The District Forest Officer, Kolar, states that dead bagani trees may be given on free permits to Malnad raiyats for agricultural purposes. (4) The District Forest Officer, Tumkur, states that there appears no objection whatever to grant the concession, but safe guards must be devised to see that no green bagani trees are damaged or felled under the licenses issued to those raiyats as bagani yields revenue to Government in the Excise Department.	Attention is invited to Rules VIII and XI of the Rules issued under Notification No. 1450—Legislative 103 dated the 1st May 1901, which lay down the conditions under which dead date and bagani trees may be removed. These rules do not prescribe any license fees. I therefore propose that a fee of one rupee per date tree and of two rupees per bagani tree be levied.

Free grant of dead or decaying Bagani trees to Malnad raiyats for making Agricultural Implements.

Subject No. 222 in the Dasara Proceedings of 1903.—cond.

Dasara Subject.		Opinions of the District Forest Officer or the Deputy Commissioner.	Opinion of the Conservator of Forests in Mysore.
No.	Subject.		
		(5) The District Forest Officer, Chitaldrug, states that there are no bagani trees in his district and that the subject relates to the wants of the Malnad raiyats. (6) The District Forest Officer, Mysore, states that dry and decaying bagani trees may be allowed to be freely utilized by the holders, but such trees in State Forests and other lands at the disposal of Government may be allowed to be removed on free licenses on payment of a stump fee, *i. e.*, ½ a rupee per tree, licenses being issued by the Forest subordinates or other persons authorized to issue licenses on behalf of the Forest Department.	

To the Conservator of Forests in Mysore, the Deputy Commissioners of Districts, the Revenue Commissioner in Mysore, the Excise Commissioner in Mysore, R. 3826-36—Ft. 17-04-3, dated 1st November 1904.

The Representative members from the Tirthahalli Taluk pray that **Serial No. 3.** dead and decaying bagani trees may be granted free to Malnad raiyats for making agricultural implements. The Conservator of Forests has no objection to this, but proposes that a fee of one rupee per date tree and of two rupees per bagani may be levied.

2. Rule 7 of the Raiyats' Privileges Rules published under Notification No. 6084-Ft. F. 105-95, dated the 8th January 1896, provides for the removal of dead date or bagani palm trees required for sugar-cane hedges and water-courses, but not for agricultural implements. The raiyats ask to be allowed to take dead and decaying bagani trees for agricultural implements also. These at present rot and disappear without being useful to any one. Government therefore consider that the prayer of the Malnad raiyats may with advantage be granted and direct that the rule be so modified as to authorize the removal of bagani trees also for agricultural implements without payment of any fee. Rule 7 aforesaid will accordingly be amended and published as hereunder.

B. K. VENKATA VARADA IYENGAR,
Secy. to Govt., Gen. & Rev. Dept.
29-10-04.

Notification No. R. 3837—Ft. 17-04-3, dated 1st November 1904, To the Compiler, Mysore Gazette for publication in English and Kannada in three successive issues of Part III of the Gazette and to supply 250 spare copies to this office.

The Government of His Highness the Maharaja of Mysore are pleased to direct that the following be substituted for rule 7 of the Raiyats' Privileges Rules published under Notification No. 6084—Ft. F. 105-95, dated the 8th January 1896.

"Raiyats in the Malnad will be entitled to take free and without permit, thorny "bamboos for hedges and fences, dead date or bagani palm trees required for "agricultural implements or for sugar-cane hedges and water-courses, and canes for "agricultural purposes."

By Order,

	FILE No. Pet. 291 of 1903-04.	
	Claim of Urigowda to the Pateli office of Kollangi village, Arkalgud Taluk.	
1	From Urigowda, Maji Patel, Kollangi, Arkalgud Taluk, petition dated 4th June 1904. Appeals against the Deputy Commissioner's decree directing that the appellant be simply registered as hakdar to the Pateli office claimed, and that the possession of the office held by the respondent Eramma be not disturbed during her lifetime. (Enclosures 4.)	P. F. 21 of 99-00.
2	To the Deputy Commissioner, Hassan District, Official Memorandum No. 1614— P. F. 21-99, dated 25th June 1904. Calls for the records of the case. (Enclosure 1.)	
3	From the same, letter No. 30, dated 21st July 1904. Submits the records. (Enclosure received.)	
4	To the same, No. R. 3922—Mis.-291-03-4, dated 5th November 1904. States that the decision passed by Government, in appeal No. 34 of 1898-99 in the same matter was a final pronouncement in favor of the respondent Eramma and dismisses the appeal, as the claim is unsustainable.	
	To Urigowda and Eramma, endorsement Nos. R. 3923 and 3924, dated 5th November 1904. Communicates the above order of Government. (Enclosures 4.)	
	FILE No. 300 of 1903-04.	
	Application for land within a radious of half a mile from the Chikjajur Railway Station, Holalkere Taluk, for building purposes.	
1	From the Revenue Commissioner in Mysore, letter No. 5119, dated the 12th January 1904——31st March 1904. Recommends the grant for building purposes of the site in question, measuring 13×6 square yards to one Hanumaiya of that village, who has applied for them.	
2	From the Secretary for Railways, No. 189, dated 4th October 1904. States that there is no objection to the grant of the site in question for building purposes.	
3	To the Revenue Commissioner in Mysore, No. 4256-7—Mis. 300-03-3, dated 16th November 1904. Sanctions the sale of the site in question by public auction.

	Repairs to the Sonnappanakere tank in the Chintamani Taluk.	
1	From Venkataramanegowda and others of Kallahalli in the Chintamani Taluk, Memorial, dated 21st April 1904, addressed to His Highness the Maharaja Pray for the execution of petty repairs to their village tank, or for permission to do the same at their own cost, or for the grant of the tank bed thereof for dry cultivation without auction.	
2	To the Revenue Commissioner in Mysore, Official Memorandum No. Petition 1489, dated 19th May 1904. Forwards the petition for submission of a very early report in the matter.	
3	From the Revenue Commissioner in Mysore, No. 3048, dated 28th September 1904. Reports that the restoration of the tank is thought by the Chief Engineer inadvisable owing to the inordinate cost of the project and other objections.	
4	To the Revenue Commissioner and the Chief Engineer in Mysore, Government Order No. R. 4394-5, dated 21st November 1904. Declines to sanction the restoration of the tank, as the opinions of the Local Officers and the Chief Engineer are against the proposal which is likely to be attended with more disadvantages than advantages.	
5	To Venkataramanegowda and others, endorsement No. L. 4396, dated 21st November 1904. Informs them of the above order of Government.	
	FILE No. 600 of 1903-04.	
	Levy of acreage contribution on the lands below the Sulekere tank and its feeder channels in lieu of the raiyats' obligation to do the silt clearing and maintenance work annually.	
1	From the Chief Engineer of Mysore, No. 1893, dated 23rd March 1904. Forwards Mr. K. Shama Iyengar's petition reporting on the neglected condition of the Sulekere Tank Channels, Channagiri Taluk; and requests early orders on the Deputy Commissioner's proposal to levy an acreage cess of annas 8 from the raiyats holding lands under the channels in lieu of annual silt clearing and maintenance of the same, and also forwards for sanction an estimate amounting to Rs. 3,278 for repairing the channels under the Sulekere tank.	
2	To the Revenue Commissioner, No. R. 3218, dated 26th April 1904. Forwards for his opinion a copy of the above. (Serial No. 1.)	
3	From the Revenue Commissioner, No. 7247, dated 14th May 1904. States that the opinion of the leading raiyats of the taluk has been called for, and that for his part, he considers the rate equitable and a measure of the kind essential, where, as in the case of the Sulekere channels, a large number of people have otherwise to co-operate in working over a wide area, and joint action under the circumstances is seldom feasible.	
4	From the Revenue Commissioner, No. 7533, dated 25th May 1904. Forwards Shimoga Deputy Commissioner's letter No. 440, dated 19th May 1904, and states that it will be seen from that that the owners of lands under the Sulekere tank residing in the villages of Belalgiri, Tavangi, etc., are willing to pay the proposed acreage assessment, while those of Krebilche, Kabbala, etc., plead their inability to pay it.	
5	To the Revenue Commissioner, Chief Engineer, and the Deputy Commissioners of Districts, Government Order No. R. 4203—12, dated 15th November 1904. Directs the continuance of the present practice of getting the maintenance work done by the raiyats, as some of the villagers have not agreed to pay the proposed contribution; and observes that the neglect of the Revenue officers to see that the raiyats' liability is enforced seems universal, and is most unsatisfactory, and draws the attention of the Deputy Commissioners to this matter with the remark that neglect of this important duty on the part of anybody will meet with the severest displeasure at the hands of Government.

	Memorial of Subbiah of Doddallal in the matter of the sale for arrears of revenue of certain lands in the khata of his father Nagappa, and also of certain other lands in his own holding.	
6	From the Private Secretary to His Highness the Maharaja, memo No. 1054, dated 10th October 1903. Forwards for disposal, the petition of Subbiah, dated 23rd September 1903, praying for a reconsideration of the Government Order, dated 8th February 1901, rejecting his appeal against the confirmation of the sale for arrears of revenue of Survey Nos. 24, 42 and 44 of Doddamallal, Hoskote Taluk, and complaining that some of his other lands, *viz.*, Survey Nos. 14—1, 60 and 65 were sold for arrears of revenue in spite of his representation that the arrears might be made good, out of a deposit of Rs. 79 that stood at his credit in the District Treasury.	
7	To the Deputy Commissioner, Bangalore District, Official Memorandum No. 1360—P. F. 162-03, dated 30th April 1904. Calls for the records of the case together with a report on certain points specified.	
8	From the same, letter No. S. 124, dated 13th August 1904. Reports that there were no irregularities in connection with the sale, and submits the records.	
9	To the Deputy Commissioner, Bangalore District, No. R. 4693—Mis. 162-03-9, dated 28th November 1904. Dismisses the review application, as there were no irregularities in the sale of Survey Nos. 24, 42 and 44 held in 1900 for arrears of revenue, and observes that as regards the second sale complained of *viz.*, that of Survey Nos. 14—1, 60 and 65 held in 1902 for arrears of revenue due thereon, the petitioner should first take his case to the Deputy Commissioner and then appeal to Government from that officer's decision if he should consider himself aggrieved by it.

1	From Venkatanarayana Chetty of Bowringpet, petition dated 25th April 1904. Appeals against the Kolar Deputy Commissioner's order setting aside the darkhast sale to the appellant of Survey No. 64 of Sigehalli village, Mulbagal Taluk. (Enclosures three).	
2	To the Deputy Commissioner, Kolar, petition No. 1385, dated 2nd May 1904. Forwards the above petition for report and submission of the records of the case. (Enclosure petition with its three enclosures).	
3	From the Deputy Commissioner, Kolar, letter No. 386—21, dated 11th July 1904. Reports that the land in question which was in the khate of the first respondent Kesavachar was sold in January 1903, for arrears of kandayam and bought in by Government for want of bidders ; that on receipt of darkhast therefor it was sold on 12th January 1904, the appellant being the highest bidder, and the sale was confirmed by Mr. Carr, the Deputy Commissioner, on 3rd February 1904 ; but that on the subsequent representation of the Khatedar's brother, Mr. Carr, on 17th February 1904, set aside the darkhast sale on the grounds that the khatedar and his brother had constructed a kunte and held the land previously and that the latter agreed to pay the amount realized at the darkhast sale. (Enclosure vernacular records, appeal petition and its enclosures).	
4	To the Deputy Commissioner, Kolar, No. R. 4632—Mis. 239 of 03-4, dated 26th November 1904. Reverses the Deputy Commissioner's order, dated 17th February 1904, and confirms the darkhast sale on the ground that the Deputy Commissioner was not justified in re-opening the question which was properly decided by him previously. (Enclosure vernacular record).

	Waiving the recovery of the cost of earthwork done to the Gangasandra tank in the Holalkere Taluk from the raiyats thereof.	
1	From the Revenue Commissioner in Mysore, letter No. 286, dated 13th July 1904. Recommends that as the repairs required for the tank are more for the security of the tank as a protection against damage to the Railway line than for the average efficiency of the tank as a source of irrigation, the contribution of Rs. 937, the cost of the earthwork ordered to be recovered from the raiyats, may be foregone.	
2	To the Revenue Commissioner and Chief Engineer, Government Order No. R. 4537-8, dated 24th November 1904. Directs that, in consideration of the fact that the raiyats appear to have suffered from insufficiency of water, the amount in question be remitted; and that the Executive Engineer and the Deputy Commissioner should inspect this tank jointly and submit a report as to why the irrigational resources of the tank, so favorably reported upon by the Chief Engineer, are insufficient to meet the supply of water to the entire atchkat under it. BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Appeal No. 15 of 1904-05.

Appellant	*Versus*	Respondent
Girianna, son of Ramaiya.		Girianna, son of Puttasimmaiya.

Subject.

Appeal against the order of the Deputy Commissioner of the Hassan District, declining to appoint the appellant as shanbhog of either of the Belagumba and Adihalli firkas in the Arsikere Taluk and referring him to a regular suit to establish his hak.

The facts of the case appear sufficiently from the following:—

Decision.

The appellant and respondent represent respectively the elder and younger branches of a family, the members of which have, for a considerable time past, held the office of shanbhog of Belagumba and Adihalli Circles in hereditary succession. The appellant's father Ramaiya held charge of both the circles until the year 1853, when in pursuance of a family arrangement, he transferred Adihalli to the respondent's father, Puttasimmaiya, and retained the other for himself. Ramaiya continued to be in possession of Belagumba until 1859, when he was dismissed on suspicion of having connived at certain individuals enjoying, on Bengar tenure for some years and until the refusal by them of an illegal gratification demanded from them by his brother, a piece of land in respect of which adequate irrigation facilities were forthcoming and which therefore ought long since to have been charged with wet assessment. That no deprivation of the family, of its right to the office thus vacated by Ramaiya, was intended, is evident from the fact that the nomination of a competent *varasdar* of Ramaiya's was called for, that Puttasimmaiya was nominated accordingly by the Amildar of the Taluk and appointed by the Superintendent of the Division, and that in answer to a subsequent representation made by a brother of Ramaiya, *viz.*, Venkataramaiya *alias* Venkatappa, who was unconnected with the transaction which had culminated in Ramaiya's removal, an order was made that since one of the hakdars had been appointed to the shanbhogi, the petitioner had no real grievance. Puttasimmaiya held charge of both Belagumba and Adihalli for some time and then died. His son, the respondent, succeeded him and somehow, though in a most unsatisfactory manner, managed until 1897 to look after the duties of both the circles in addition to those of another (Tirupathi) which he seems to have come by otherwise than by inheritance from a paternal ancestor. In the year above mentioned, *i. e.*, 1897, the respondent was called upon to suggest suitable arrangements, conformably to rules and standing orders, for the proper performance of the duties of shanbhog of Belagumba and Adihalli. In response to that requisition, he named certain Gumastas. At the same time, however, the appellant asked for the recognition of his own title by his appointment to one of the circles. The respondent repudiated the appellant's claim which nevertheless was supported by the Amildar who, on grounds which appear untenable, was overruled by the Assistant Commissioner and the Deputy Commissioner, both of whom concurred in holding that owing to the long absence of possession on his part, the appellant's only remedy lay in a regular suit in which he should seek to establish his hak. Dissatisfied with this order the appellant has preferred the present appeal.

2. Government have heard both the parties and given the case their best consideration with the result that the materials before them are sufficiently ample to enable them to arrive at a satisfactory decision, and that no useful object would be gained by the appellant being relegated to a formal suit.

3. The rules do not contemplate a permanent forfeiture of hereditary hak in such cases. The arrangements made in 1859 shows that nothing more than the removal of the delinquent Ramaiya without prejudice to his succession by his heirs was intended. There was no adverse possession in spite of long enjoyment until 1897-98 when for the first time the respondent asserted his sole title to the exclusion of Ramaiya's son and heir, the appellant, who till then had no reason to apprehend, much less to know, that his hak was in jeopardy. It is significant that his father Ramaiya's name as also his own name continued to be borne in the registers for several years after Ramaiya's dismissal and even demise. The appellant was moreover a minor until a few years before the date of the proceedings which have led up to this appeal. In a matter of this kind, the rigid rules of limitation should not be strictly applied unless hostile enjoyment is proved beyond all reasonable doubt. There is further the fact that the respondent is under the Potgi Rules unfit to hold more charges than one and that for the surplus charge "one or more new officiators will be appointed by the Government. The new officiator or officiators will be appointed from the family in which the hak has been hitherto vested if a competent person can be found."

4. Government are accordingly of opinion that the appellant is not debarred from advancing his claim to one of the two circles under advertence. They are at the same time quite willing that the choice should be given to the respondent in consideration of his long possession. The record shows that the potgi attached to Belagumba is Rs. 75-4-0 while that attached to Adihalli is Rs. 85-8-0. At the hearing, the respondent declined to exercise his choice, his only contention being that he was himself entitled to both the circles and that the appellant could claim neither. In these circumstances, Government direct that the less remunerative of the two circles, *viz.*, Belagumba, be registered in the appellant's name and put in his possession unless the respondent in his own interests elects to retain that circle and to give up Adihalli to the appellant, in which latter case the respondent's wishes may be given effect to.

Appeal No. 3 of 1904-05.

Appellant	*Versus*	Respondents
Banuvaram Venkatanarayana Chetty of Bowringpet		(1) Kesavachar (2) Srinivasachar (brother of the 1st Respondent).

Subject.

Appeal against the order of the Deputy Commissioner, Kolar District, [illegible] aside the darkhast sale to the appellant of Survey No. 64 of Sigehalli village in the Mulbagal Taluk and confirming the land to the previous khatedar's (first respondent's) brother, the second respondent, as a concession on receipt of the sale amount from him.

The facts of the case will appear sufficiently from the following.

Decision.

The land in question stood registered in the name of the first respondent. Owing to a default on his part to pay up the arrears due, the land was forfeited and brought to sale in January 1903 with the result that for want of bidders it was bought in by Government. The land lay on the hands of Government as an unoccupied land for about a year, when, at a sale held on receipt of certain darkhasts, it was purchased by the appellant on the 12th January 1904. The respondents' objection to the darkhast sale was overruled by the Deputy Commissioner (Mr. Carr) who confirmed that sale on the 3rd February 1904 and directed the issue of a Saguvali chit, which accordingly was given to the purchaser (appellant) on the 11th idem. On a further representation made to him by the second respondent, the Deputy Commissioner passed an *ex parte* order on the 17th idem setting aside the darkhast sale and restoring the land to the respondents by way of a concession. Hence this appeal.

2. Government hold that the order appealed from cannot be supported. Not only was it passed without notice to the person affected by it, *viz.*, the appellent, but it also rests on grounds which do not commend themselves to Government as worthy of consideration. The respondents lost the land in January 1903. The darkhast sale, held in the following year and duly confirmed and given effect to, was admittedly not vitiated by irregularities of any kind. That being so, the Deputy Commissioner was not justified in subesquently reopening the matter and passing an order taking away the land from the appellant and giving it to the respondents. Such summary interference cannot be too strongly deprecated, since it can only have the undesirable effect of shaking the confidence of the public in the finality of sale proceedings regularly conducted and duly concluded.

3. For these reasons the appeal is allowed; and the Deputy Commissioner's second order cancelling the grant of the land to the appellant, reversed.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Appeal No. 125 of 1903-04.

Appellants	*Versus*	Respondent
Narse Gowda, Range Gowda and other raiyats of Katihalli, Hassan Taluk.		Somaiya.

Subject.

Appeal against the order of the Deputy Commissioner of the Hassan District, directing the grant of the land, Survey No. 53 of Katihalli in the Hassan Taluk, to the respondent for an upset price.

Facts of the case.

On the 22nd September 1900, the respondent applied for the land in question. The land being included in the gomal assigned to the village, the Amildar submitted the application to the Deputy Commissioner for orders, together with a mahazar from the appellants, the villagers, stating that they had no objection to the land being given out for cultivation and that in the event of this being done their prior claims to have the land granted to them be considered. The Amildar further submitted the records of a darkhast for the same land which had been rejected in 1892. Thereupon the Deputy Commissioner rejected the application on the 11th December 1901. On the 20th idem the respondent petitioned the Deputy Commissioner on the same subject. On this petition a report was called for and the Assistant Commissioner in charge of the Taluk after a local inspection recommended the grant of the land for cultivation, adding that the remaining extent of gomal land was sufficient for the village and also referred to the mahazar above referred to of the villagers. Sanction of the Revenue Commissioner was thereupon sought and obtained for the appropriation of the said gomal land for cultivation and the respondent was, under the orders of the Deputy Commissioner, granted the land for an upset price. The appeal of the villagers, *viz.*, the appellants, against the grant of the land to a non-resident of the village was rejected by the Deputy Commissioner. Hence the present appeal.

Decision.

Government are constrained to remark that the Deputy Commissioner did not use a judicious discretion in granting Survey No. 53 for an upset price to the respondent who is an utter stranger to the village of Katihalli in the Hassan Taluk. Applications for the land were rejected in the year 1892 and again in 1901 by the then Deputy Commissioners for the reason that the extent of the gomal land allotted was not sufficient for the village cattle. The villagers themselves had, previous to the disposal of the land, signified their desire in a mahazar drawn up at the instance of the shekdars to take it up for cultivation if it was decided not to reserve it as gomal, for which they were contending ever since the first darkhast. It must be observed that when the Deputy Commissioner finally disposed of the land, there was more than one application for it and therefore there were no valid grounds for dealing with the darkhast as a special case, and giving the land to the respondent for an upset price. The villagers have, it must be admitted, good reasons to complain that they have been put to much inconvenience by being deprived of the opportunity of purchasing the land in open competition, preference having been given to the respondent. The Government accordingly cancel the Deputy Commissioner's order and direct that the land be sold by public auction, notice being given to all the parties concerned.
